## Physical Plant

<p><b>Number of buildings:</b></p> <p>Auditors should count all buildings that are part of the facility, whether residents are formally allowed to enter them or not. In situations where temporary structures have been erected (e.g., tents) the auditor should use their discretion to determine whether to include the structure in the overall count of buildings. As a general rule, if a temporary structure is regularly or routinely used to hold or house residents, or if the temporary structure is used to house or support operational functions for more than a short period of time (e.g., an emergency situation), it should be included in the overall count of buildings.</p>	1
<p><b>Number of resident housing units:</b></p> <p>Enter 0 if the facility does not have discrete housing units. DOJ PREA Working Group FAQ on the definition of a housing unit: How is a "housing unit" defined for the purposes of the PREA Standards? The question has been raised in particular as it relates to facilities that have adjacent or interconnected units. The most common concept of a housing unit is architectural. The generally agreed-upon definition is a space that is enclosed by physical barriers accessed through one or more doors of various types, including commercial-grade swing doors, steel sliding doors, interlocking sally port doors, etc. In addition to the primary entrance and exit, additional doors are often included to meet life safety codes. The unit contains sleeping space, sanitary facilities (including toilets, lavatories, and showers), and a dayroom or leisure space in differing configurations. Many facilities are designed with modules or pods clustered around a control room. This multiple-pod design provides the facility with certain staff efficiencies and economies of scale. At the same time, the design affords the flexibility to separately house residents of differing security levels, or who are grouped by some other operational or service scheme. Generally, the control room is enclosed by security glass, and in some cases, this allows residents to see into neighboring pods. However, observation from one unit to another is usually limited by angled site lines. In some cases, the facility has prevented this entirely by installing one-way glass. Both the architectural design and functional use of these multiple pods indicate that they are managed as distinct housing units.</p>	2

# Audit Findings

## Audit Narrative (including Audit Methodology)

*The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.*

The PREA audit for Oriana House Reserve Center, 27830 State Route 7, Marietta, Ohio, was conducted on February 23-24, 2021. The facility is part of the Oriana House, Inc. operated community confinement facilities. The auditor interviewed staff and residents in accordance with the PREA Compliance Audit Instrument Interview Guide and the PREA Auditor Handbook's Effective Strategies for Interviewing Staff and Resident Guide. The goal of the audit is to ensure operational compliance with the Prison Rape Elimination Act (PREA) standards for community confinement facilities.

The facility elected to use Power DMS to upload documentation relevant to showing compliance with each standard. The auditor received notification that the information was available approximately four weeks prior to the onsite visit. The information included the pre-audit questionnaire, policy and procedures, MOUs, facility staffing plan, table of organization, job descriptions, and post orders. The auditor received photos showing proof of audit notices posted in resident and staff areas six weeks prior to the onsite visit. The auditor has conducted the audits for this agency in the past, including the last audit in 2018. The auditor reviewed the prior final audit report and previous documentation for comparison to the current audit.

The audit notice posting was sent to the auditor showed the dates of the onsite visit; the name, address, and email address of the auditor; and the ability to have confidential correspondence with the auditor. The auditor did not receive any correspondence from residents or staff prior to the onsite visit. The auditor did not receive any request to speak with the auditor during the onsite visit.

In addition to the documentation sent prior to the onsite visit, the auditor reviewed risk for abusiveness screenings and re-screenings, agency website, acknowledgement forms, posters, brochures, floor plan with camera locations, volunteer/contractor information, and coordinated response plan during the onsite visit.

The tour included observations of the housing units, dorm rooms, bathrooms, closets/storage rooms, administration area, and outdoor recreation area. During the

walkthrough, the auditor was able to have informal conversations with both staff and residents. The auditor made notes of cameras, security mirrors, blind spot areas, and staff/resident interaction.

The auditor interviewed ten (10) residents based on the population of thirty-nine residents during the onsite visit (34 males/5 females). The residents selected were based on the requirements of the PREA Resource Center's Auditor Handbook guidelines. The residents were selected based on their housing unit, targeted interview status, risk assessment screening, intake dates, demographics, and commitment status. The auditor conducted the following interviews:

- Random = 6
- Targeted = 4

The breakdown of the number of targeted interviews is as follows:

- Residents that identify as lesbian, gay, or bisexual = 1
- Residents that have a physical disability impairment = 2
- Residents that have a cognitive disability = 1
- Residents that have a mental disability = 2

\*Some targeted residents fit into more than one targeted category. In categories where there was more than one resident, only one was counted as a targeted resident. All residents in the targeted category were interviewed on all specialized (that applied) and random interview protocols.

The auditor conducted the interviews in accordance with the PREA Compliance Audit Instrument Guide and the Auditor Handbook Guide for Effective Strategies for Interviewing Staff and Residents. The auditor explained the interview process to each resident and that they were under no obligation to answer questions. The auditor asked questions concerning the resident's experience with PREA education, allegation reporting requirements, retaliation, staff communication, grievance reporting, knock and announcements, searches (pat, enhanced pat, strip, body cavity, and cross-gender), housing unit concerns, limits to confidentiality, outside supportive services, disciplinary sanctions, and other PREA related concerns.

The facility has twenty full and part-time staff members including the Program Manager. The auditor was able to talk with agency leadership, specialized interviews, and random staff members during the onsite visit, which includes:

- PREA Coordinator
- VP of Administration and Legal Counsel
- Executive VP of Administrative Services and Business Relations
- Human Resource Director
- Administrative Investigators
- Program Manager
- Program Coordinator
- Crisis Counselor
- Risk of Victimization/Abusiveness screener
- Retaliation monitor
- SART team members
- First Responders (security and non-security)
- PREA education facilitators

The auditor also interviewed random staff members from both programming and security. Security staff from all shifts were interviewed. Due to the staff size, the auditor was unable to interview the required twelve random staff members. Several staff members were responsible for more than one specialized area.

All staff interviews, random and specialized, were conducted using the PREA Compliance Audit Instrument Interview Guide and the PREA Auditor Handbook's Effective Strategies for Interviewing Staff and Resident Guide. The auditor was able to question staff on the agency's zero tolerance policies, trainings, reporting protocols, first responder duties, coordinated response plan, grievance procedures, investigation protocols, confidentiality, retaliation monitoring, risk screening, protection from abuse, LGBTI policies and procedures, data collection, annual reports, staffing plans, electronic surveillance, reporting to other confinement facilities, disciplinary procedures, knock and announcements, cross-gender supervision polices, and transgender/intersex accommodations.

The auditor reached out to the facility's community resources by email to confirm the MOUs and scope of services. These community partners include representatives from Marietta Memorial Hospital and EVE Incorporated. The auditor was able confirm the services they would provide to residents free of charge.

## Facility Characteristics

*The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.*

The Oriana House Reserve Center is a halfway house located in Marietta, Ohio that serves adult male and female felony offenders. The facility is a single story building that can house forty-five (39 males/ 6 females) offenders. The agency has put many COVID-19 protocols in place that have impacted the facility. The facility has limited the number of outside contractors, volunteers, and vendors allowed in the facility.

In order to access the secure perimeter of the facility one must report to the main entrance and enter into the main lobby. Once inside the main lobby, all visitors must be signed in. Visitors will read and sign an acknowledgment of Oriana House's zero tolerance policy. Residents will enter into the entrance and go inside a room designated for males or females where they will receive a pat down that is visible by video surveillance or residents may receive an enhanced pat down (residents receiving an enhanced pat down will strip down to their underclothes) which is supervised by two staff of the same gender. Posted in this location is the agency's policy on searches and urine drug screenings.

The facility has two housing units and three dorm areas (one female and two male). The female housing unit is self-contained and houses a day-room, dorm area, and bathroom. The facility can hold a maximum of six female offenders (at the time of the audit, the facility was housing four female offenders). The female residents do not have free movement throughout the facility; however, they have an intercom system to access staff at the main post. Three times a day male residents are restricted to their dorm so that female residents have an opportunity to make use of the main lounge area, rec yard, and main post. The door to access the female area is right across from the main post. One would need a key to enter into a sally port area and then a key again into the housing unit. Female offenders are pat and enhanced pat searched in this sally port area. While an enhanced pat search is taking place, a medical curtain is closed blocking the window in the door to the main hallway and the female housing unit. The laundry facilities for the female residents is located in the bathroom. There are cameras in the day room and in the bathroom (pointed at the washer and dryer only). Should a female resident need to exit the housing unit, she will be escorted by staff and male resident will be removed from the corridors. Because the female unit can be a little closed off to the rest of the facility, case managers make regular visits to the female unit to check on their clients and address any issues.

The male residents have more free roaming access to the main areas of the facility. There are two male dormitories. The larger of the male dorms contains thirty beds, while the smaller dorm contains twelve beds. There are no cameras in the dorm but there are security mirrors that make all areas of the room easily visible to staff. Residents have been instructed to change in the bathroom or shower room. When not on restricted movement due to the female offenders being allowed in common areas, the male residents have access to a large lounge area that houses recreation equipment, a television, and vending. This room also serves as the dining hall. This is a square room with good line of site views into all areas.

The facility has rec yard that residents from the male housing unit can only use when female residents are not using it and are required to be in visible areas. There is a 10ft fence surrounding the rec yard.

An offsite catering company provides one hot meal (lunch) and two pre-packaged meals (breakfast and dinner) to the residents. Meals are transported to the facility by the catering company and brought into the lounge/dining area by facility staff. All meals are served by staff.

Near the main post of the facility is an admin/intake office and an entrance to the staff office corridor. All staff offices in this corridor are set up as connected cubicles with full glass sliding doors. The facility has placed red button lights on the outside of all office doors in the corridor. If the light is on and flashing that indicates that the staff member has a resident in the office. Other staff offices that are not a cubicle, have a window in the door for clear line of site views.

The Reserve Center's electronic surveillance program includes twenty cameras placed throughout the facility (interior and exterior) that have the capability to record and playback up to 30 days. The camera located at the main post also records audio. Resident Supervisor staff assigned to the main control post view camera footage. Supervisors review live and recorded footage at least one time per week. Resident supervisor staff also are required to conduct "whereabouts" 3x per shift and 6x per shift for residents who have been classified as highly abusive or highly susceptible until a review can be done by a supervisor team to remove the resident from the increased "whereabouts". During a "whereabout" staff must document physically seeing each resident. Along with "whereabouts", Resident Supervisor staff circulate throughout the whole facility once every 30 minutes. Identified blind spot areas have increased circulation. The facility has placed surveillance mirrors in strategic areas in order to

capture areas that are not immediately visible when looking through the window, and in the hallways to cover corners and other hidden areas.

The facility's goals are to alleviate jail and prison overcrowding; improving the community integration process for residents; addressing chemical dependency, employment, education, and other issues prior to release; and reducing recidivism by addressing certain behaviors, attitudes, and thought processes. The facility accomplishes these goals by using programming that has demonstrated the ability to reduce crime.

## Summary of Audit Findings

*The summary should include the number and list of standards exceeded, number of standards met, and number and list of standards not met.*

## PREVENTION PLANNING

### Standard 115.211: Zero tolerance of sexual abuse and sexual harassment; PREA coordinator

All Yes/No Questions Must Be Answered by The Auditor to Complete the Report

#### 115.211 (a)

- Does the agency have a written policy mandating zero tolerance toward all forms of sexual abuse and sexual harassment?  Yes  No
- Does the written policy outline the agency's approach to preventing, detecting, and responding to sexual abuse and sexual harassment?  Yes  No

#### 115.211 (b)

- Has the agency employed or designated an agency-wide PREA Coordinator?  Yes  No
- Is the PREA Coordinator position in the upper-level of the agency hierarchy?  Yes  No
- Does the PREA Coordinator have sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities?  Yes  No

#### Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

#### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House has an agency wide zero tolerance policy. Policy 1080 mandates zero tolerance on all forms of sexual abuse and sexual harassment as defined by the Prison Rape Elimination Act of 2003 Community Confinement Standards. The policy requires each facility under the Oriana House umbrella to implement a systematic means of

monitoring, identifying, reporting, and investigating employee and resident sexual misconduct in an effort to provide a safe environment. The policy includes definitions of prohibited behavior, sanctions for those found to have participated in sexual abuse or sexual harassment, and appropriate strategies to prevent, detect, and respond to allegations. These strategies include having adequate staffing levels, an electronic monitoring system, and educating both residents and staff on the agency's zero tolerance policy and all ways to report an allegation.

According to the agency's table of organization, the agency wide PREA Coordinator is the agency's PREA and Wellness Coordinator, and reports directly to the agency's Vice President of Administration and Legal Counsel. During the onsite interview, she states she assist with implementing PREA strategies at each facility. She also develops the training curriculum for required monthly PREA training at each facility and provides facilities guidance and assistance in complying with the standards. She is a Department of Justice Certified PREA Auditor and had extensive experience in interpreting the scope and intent of each standard. She indicated that she has enough time and authority to develop, implement, and oversee the agency's efforts to comply. The PREA Coordinator supervises each facility's PREA Compliance Manager. She states that 90% of her job duties are PREA related.

The job description for the PREA and Wellness Coordinator states her PREA responsibilities include:

- Develops and maintains Agency-wide PREA operating procedures; monitors responsibilities of each facility's PREA Manager; provides technical guidance, assistance, and feedback agency-wide to ensure compliance is met
- Serves as the primary contact and resource for management on PREA-related inquires and procedural questions
- Monitors and provides PREA-related program services, educational material, and training to facility PREA Managers and staff. Oversees the development of educational materials, staff guides, and education to residents regarding PREA procedures and reporting.
- Assist the VP of Administration and Legal Counsel with responding and submitting PREA reports to regulatory bodies regarding PREA-related issues
- Reports to the State's Intelligrants System regarding PREA incidents in an accurate and timely manner
- Submits quarterly reports to the Ohio Department of Rehabilitation and Correction (ODRC) in an accurate and timely manner

- Assists facilities' PREA Managers with PREA audit preparation including, but not limited to: completing facility walkthroughs, conducting employee and resident interviews and training, completing PREA assessments and questionnaire, and submitting audit documentation and assessments to the PREA auditor assigned to the facility

The auditor interviewed the VP of Administration and Legal Counsel during a zoom video interview. She states that she has full confidence in the PREA Coordinator and provides her the support and assistance when needed to ensure each facility is in compliance with the standards. She states that she is still involved in determining the outcome of administrative investigations and is a part of the SART review. She states that 20% of her responsibilities include PREA compliance.

The auditor was also able to interview the Executive VP of Administrative Services and Business Relations through a zoom interview. He states that the PREA Coordinator has great latitude in determining how each facility will comply with the standards.

The PREA Manager is the facility's Program Administrator. The Program Administrator reports directly to the PREA Coordinator for anything related to complying with the PREA standards. The auditor was able to review the Program Administrator's job description which includes:

- Conducting quality assurance monitoring for PREA standards
- Ensuring facility walkthroughs in order to address any safety issues
- Overseeing the day-to-day PREA facility issues
- Ensures staff meet PREA training requirements.

The auditor interviewed the Program Administrator during the onsite visit. The Program Administrator states that he ensures that everyone is following the rules and regulations, works with the PREA Coordinator to make sure all policies, procedures, and practices are up to date, and completing the annual staffing plan. He is new to the position since the facility's last PREA audit, but has created an open door policy and makes himself available to staff and residents. He feels this hands on approach will create a culture where everyone feels comfortable reporting allegations and/or retaliation.

Oriana House has an appropriate PREA Zero Tolerance policy and staff who have sufficient time and authority to ensure compliance to the standards.

## Standard 115.212: Contracting with other entities for the confinement of residents

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

### 115.212 (a)

- If this agency is public and it contracts for the confinement of its residents with private agencies or other entities including other government agencies, has the agency included the entity's obligation to comply with the PREA standards in any new contract or contract renewal signed on or after August 20, 2012? (N/A if the agency does not contract with private agencies or other entities for the confinement of residents.)  Yes  No  NA

### 115.212 (b)

- Does any new contract or contract renewal signed on or after August 20, 2012 provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards? (N/A if the agency does not contract with private agencies or other entities for the confinement of residents.)  Yes  No  NA

### 115.212 (c)

- If the agency has entered into a contract with an entity that fails to comply with the PREA standards, did the agency do so only in emergency circumstances after making all reasonable attempts to find a PREA compliant private agency or other entity to confine residents? (N/A if the agency has not entered into a contract with an entity that fails to comply with the PREA standards.)  Yes  No  NA
- In such a case, does the agency document its unsuccessful attempts to find an entity in compliance with the standards? (N/A if the agency has not entered into a contract with an entity that fails to comply with the PREA standards.)  Yes  No  NA

## Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

N/A: The PREA Coordinator reports to the auditor that the agency is a private not for profit agency and does not contract with other facilities to house offenders on behalf of the Oriana House.

## Standard 115.213: Supervision and monitoring

### All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

#### 115.213 (a)

- Does the facility have a documented staffing plan that provides for adequate levels of staffing and, where applicable, video monitoring, to protect residents against sexual abuse?
- Yes  No In calculating adequate staffing levels and determining the need for video monitoring, does the staffing plan take into consideration: The physical layout of each facility?  
 Yes  No
- In calculating adequate staffing levels and determining the need for video monitoring, does the staffing plan take into consideration: The composition of the resident population?  Yes  No
- In calculating adequate staffing levels and determining the need for video monitoring, does the staffing plan take into consideration: The prevalence of substantiated and unsubstantiated incidents of sexual abuse?  Yes  No

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Agency policy 1080 requires each Oriana House facility to develop a staffing plan that addresses the physical layout of the facility, adequate staffing levels, composition of resident population, prevalence of substantiated and unsubstantiated allegations of sexual abuse, other relevant factors, and deviations to the staffing plan. The policy requires the plan to be reviewed on an annual basis and assess the effectiveness of the plan, prevailing staffing patterns, the deployment monitoring systems and other monitoring technologies, and resources to ensure adequate staffing levels.

The facility provided the auditor with their most recent staffing plan. The staffing plan reviewed the availability of video surveillance (twenty-seven cameras strategically placed throughout the interior and exterior of building), security mirrors, and identified blind spot areas. The staffing levels noted on the plan includes availability of security staff twenty-four hours a day, seven days a week, three hundred sixty-five days per year. The facility will have one male and one female staff member on each shift. The plan also identified the minimum number of staff for each shift:

Shift	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
6am-2pm	2	2	2	2	2	2	2
2pm-10pm	2	2	3	3	3	2	2
10pm-6am	2	2	2	2	2	2	2

It is the policy of Oriana House (policy 3002), that facilities be staffed so as to maximize the use of personnel in conjunction with the needs of our residents including how best to protect residents against sexual abuse. The facility employs enough security staff members to cover each shift which does not include supervisory staff to meet these staffing requirements.

The Program Manager reports that the facility had not deviated from the staffing plan. The facility has one vacancy in the security department. He states that staff will be offered overtime hours to fill positions until new staff can be hired and trained. Supervisors, Administration, and Program staff can also assist security staff when necessary.

The facility has a total of twenty-seven (27) cameras. The system has audio capabilities in the cameras above the main post. The facility has cameras located in rooms where staff conduct enhanced pat searches. These cameras record to a different DVR and only the administrative investigators have access. Supervisory staff are required to review camera footage during their shift and document in the ORION database system.

There is an intercom system in the female housing unit. The intercom allows for two-way communication to the main post desk twenty-four hours a day.

Security checks are conducted by resident supervisor staff and shift supervisors. The staffing plan requires three whereabouts checks per shift. Whereabout checks require the staff member to visually identify a resident and document on form that the resident was seen. Residents that have been identified as being vulnerable, abusive, or have mental health issues are required to have six whereabouts checks per shift. Along with

whereabout checks, security staff will also conduct circulations at minimum three times per hour. Circulations are complete facility walk-throughs. Staff will conduct more frequent circulations in designated blind spot areas.

The Program Manager reports that all residents are required to be on increased whereabouts checks during their first 48-hours in the facility. This allows the staff to ensure the residents are adjusting to the facility appropriately.

During the past twelve months the facility has had 0 PREA allegations. The twelve months before then, the facility had two staff-to-resident sexual harassment allegations. Both allegations were determined to be substantiated. There were no sexual harassment allegations.

The plan did not identify any changes that needed to be made in response to the facility staffing levels, resident composition, or prevalence of substantiated or unsubstantiated sexual abuse allegations.

The annual staffing plan is completed annually by the Program Manager. The leadership team will review the staffing plan and address any recommendations.

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

The agency's search procedures are outlined in agency policy 8089. The policy states that strip searches and body cavity searches for residents will only be conducted with the prior approval of the President/Chief Executive Officer or designee. The searches are limited to the staff member conducting the search and the resident being searched. Should a search be authorized, the following conditions will apply:

- A body cavity search must only be conducted under sanitary conditions by medical personnel. A strip search must only be conducted by same gender staff and with two staff members present. A resident who is under the jurisdiction of the FBOP can only have a strip or body cavity search by medical personnel or law enforcement.
- The strip search and/or body cavity search must be conducted in a manner and in a location that permits only the person or person who are physically conducting the search and the person who is being searched to observe the search.
- A strip search and/or body cavity search must be conducted in a professional manner that preserves the dignity of the person searched to the highest degree possible.

- At the completion of a strip search and/or body cavity search, the staff member who conducted the search must document in the resident log the date and time of the approval, the authorized person who granted the approval, the time and time of the search and all the findings.

The policy states the facility has the right to conduct reasonable searches of persons, packages, and property. A pat search will be conducted on all residents entering the facility and whenever a resident is suspected of possessing contraband in the facility. A pat search will only be conducted by a members of the same gender in a professional and respectful manner. Searches will be conducted in the line of the security camera, if searches in front of a camera are not possible, a witness must be present and documentation is ORION is required. When conducted a pat search, staff must,

- Allow only one resident in the designated pat search area at a time
- Verbally describe the pat down search steps to the resident using a firm, fair, and empathetic tone of voice
- Instruct the resident to remove all outer clothing to be searched so that the resident is wearing one layer of street clothes
- Instruct the resident to empty all pockets in clothing and place the contents in a designated area
- Instruct the resident to untuck his/her shirt
- Conduct an inspection of the resident's mouth, looking above and below the tongue and in the cheeks. Instruct the resident to open wide and move their tongue around to ensure that no contraband is located within their mouth
- Complete a metal detection search on the resident. Have the resident stand with legs open and arms up. With the metal detector, swipe the back of the neck area, across both arms, down the back, under both arms, down both sides, down the outside of each leg and inside of each leg. Step to either side of the resident and follow the same procedure for the front of the body. Continue the search and pat down until the resident is able to be screened with a metal detector without an alert
- Instruct the resident to place his/her hands on the wall, and to spread feet on the floor more than shoulder-width apart. Instruct the resident to take a step backwards while keeping their hand on the wall. The resident's feet should be far enough back from the wall to make them off balance if they did not use the wall for support
- Position yourself in a protective stance with your dominant foot positioned inside the resident's foot and reposition your body throughout the pat down process to ensure you are always in a protective stance

- Start at the wrist, using both hands with thumbs touching, run your hands down the arm, over the resident's shoulder, around the collar, underneath the arm and down the side of the torso. Repeat the process on the other side
- Run your hands thoroughly and carefully over the resident's back
- Run your hand over the chest, abdomen, and stomach area
- Move your hands using your thumbs in between underwear and other layer around the resident's waistband
- Using the back of your hands, swipe horizontally across the resident's lower waistline
- Using both hands in a blade-like manner, vertically run your inside hand up the inside of the resident's leg up to the groin area. Using both hands, run your hands down the pant legs searching the entire the leg down to the ankle
- Ask the resident to sit down in a chair and remove their shoes and socks. Ask the resident to turn socks inside out and hand both shoes and socks to staff. Search both shoes and socks

During an enhanced pat search, policy states that residents are to remove all clothing except one layer of undergarments and will only be conducted by members of the same gender in a professional and respectful manner and on a random, scheduled, and/or for cause basis. When performing an enhanced pat down search, the staff member must follow these steps:

- Conducted by two staff members of the same gender as the resident
- Searches are conducted in a designed area that maintains the appropriate level of privacy
- Verbally describe the enhanced search steps to the resident using a firm, fair, and empathetic tone of voice
- Direct the resident to remove their clothing, one article at a time, via staff verbal cues in the following order- shoes, socks, shirts, pants, skirts, dresses (all clothing down to one layer of undergarments) and have the resident hand it to the staff member
- Direct the resident NOT to remove their undergarments
- Do not physically touch the resident when they are in their undergarments or their underwear
- Direct a resident to utilize their thumbs and go around the inside of the waistband and then show the inside of the waistband by flipping it outward without exposing their genitals

- Direct the resident to conduct a self-pat down of the genital and breast area. Observe and listen to this process for purposes of detecting hidden contraband
- Direct the resident to jump up and down several times and/or shake out each leg of the undergarment
- Direct the resident to show the bottoms of their feet and in between their toes

In the pat search area are posted notices of the expected steps for a pat search, enhanced pat search, and urine drug screens. Residents also sign a Search of Person Acknowledgement. The acknowledgment form list what is to be expected for pat and enhanced pat searches, when searches may be conducted, and refusal of searches can be cause for termination.

Oriana House policy 1080 specifies the pat search procedures for transgender and intersex residents. The policy does not allow for transgender/intersex residents to be searched for the sole purpose of determining a resident's genital status. Searches are to be conducted in a professional and respectful manner and in the least intrusive manner possible. The agency will meet with a transgender/intersex resident before placement and determine the gender of the staff that will conduct searches. Each determination will be done on a case-by case basis. A dual search (one male staff and one female staff) of a transgender/intersex resident is strictly prohibited. All searches of a transgender resident are required to be documented in the agency's resident database system.

As part of supportive documentation sent prior to the onsite visit, the auditor received and reviewed the training curriculum provided to staff members who are responsible for conducting pat searches. The training included instructions on appropriate pat search techniques for cross-gender and transgender searches, respectful communication with LGBTI residents. These training also include instructions on how to conduct a pat search in a professional and respectful manner and in the least intrusive manner possible, consistent with security needs. The auditor also reviewed staff training completions sheets for searches.

The training, power point and hands on, also demonstrates to staff how to conduct cross-gender searches (only allowed in exigent circumstances) and transgender/intersex searches.

The auditor interviewed RS staff from all shifts. The staff report being trained on how to conduct searches. The staff report that they have never conducted a strip or body cavity search. The facility has recently housed a transgender resident. Staff stated that they have been properly trained on how to conduct a respectful and professional transgender

pat search. The staff state that male staff were assigned to complete all searches and UDS. The facility did not receive and complaints on inappropriate searches. The staff report receiving refresher training on searches annually.

RS staff report being properly trained on how to knock and announce themselves before entering dorms or the bathroom. The state they always announce themselves and have never had an incident of incidental viewing.

The lead resident supervisor reports that he will review pat searches either live or through video footage each week. Any RS who has not demonstrated proficiency during the search will be retrained on the proper steps.

The facility allows residents to shower, perform bodily functions, and dress in areas not viewable to staff. The facility has a restroom in each of the housing units for residents to be able to shower and use the toilets. Policy 1080 requires all staff to announce their presence when entering an area where residents shower, perform bodily functions, and change clothing. All non-medical staff are prohibited from viewing a resident's breast, buttocks, or genitalia except in exigent circumstances or when such viewing is incidental to routine security checks. The facility requires all residents to change in the bathroom in order to ensure the most private space for changing clothing.

The facility has two housing units, one male and one female. The female housing unit is self-contained with a dorm, bathroom, and dayroom area. The entrance to the bathroom is open and has one toilet with a door and one single use shower that has a shower curtain. One cannot see into this area from outside the bathroom. Also in the bathroom to the right of the entrance is the laundry room. There is a camera in the bathroom that points at the laundry area. The auditor reviewed the camera monitor at the post desk to ensure that only the laundry area of the bathroom was visible. The female residents are searched (pat and enhanced pat) in an area just inside the entrance area from the main hallway. When conducting a search, the staff are to close the curtain that goes completely around the window in the door to the main hallway and the window in the door to the resident housing unit. This allows for privacy when conducting searches.

The male housing unit has two dorms and two bathrooms (the facility has also converted a group room into a quarantine dorm room to be used to isolate residents if necessary). The larger of the two bathrooms has four toilets with custom maid ½ doors, three single use showers with curtains, and urinals that are behind a patrician wall. The smaller bathroom only has showers. There are two single use showers with curtains. Both

bathrooms have open entrances; however, you cannot see into the toilet or shower area from the outside of the bathroom.

The auditor interviewed ten (10) residents during the onsite visit. The residents were questioned on searches as well as cross-gender knock and announcements. The residents report that all staff announce themselves before entering the dorm and bathroom areas. The male residents report that no female staff member enter into the bathrooms. They state that they remain in the doorway and will yell to see if there are residents inside. If a staff member needs to go inside the bathroom, it has always been a female staff member. The female residents also report that there has never been a male staff member inside the female bathroom. The female residents report that mostly female staff member enter the housing unit for circulations and whereabouts checks. Both male and female residents report that they have never had a member of the opposite gender conduct a pat search, enhanced pat search, or a urine drug screen.

The agency has implemented a policy addressing the proper housing, search, and showering of any transgender or intersex resident. A transgender or intersex resident would be offered private shower times. Facility leadership would consult with a transgender resident before identifying what gender staff would conduct searches and UDS. The policy does not allow staff to physically examine a transgender or intersex resident for the sole purpose of determining genital status.

The auditor spoke with the PREA Coordinator, Program Coordinator, and the Program Manager on the process of addressing the needs of a transgender resident before placement. The PREA Coordinator state the agency will convene the Transgender Review Committee before placement in order to identify which Oriana House operated facility will be best for the safety, security, and manageability of the residents. The committee will provide options for providing private shower times, dorm and bed placement, and an appropriate case manager.

The Program Manager states the facility staff have received proper training for patting down a transgender or intersex resident. This training is completed during new staff orientation and a refresher training is given annually. The Lead Resident Supervisor is required to periodically review pat downs, live or reviewing surveillance video, and provide training/guidance to staff if necessary. The Program Manager states that the facility has identified specific dorms and beds for high risk residents.

The facility does not currently have an identified transgender/intersex resident.

#### Auditor Overall Compliance Determination

**Exceeds Standard** (*Substantially exceeds requirement of standards*)

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### **Instructions for Overall Compliance Determination Narrative**

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 8004 states that Oriana House facilities must ensure that all residents understand the program rules, regulations, and guidelines. This includes ensuring that residents who have disabilities and are limited English proficient have equal opportunity to participate and benefit from all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment.

The agency provided the auditor with the PREA Plan to Assist Residents with Disabilities. The plan states that at intake a resident will be asked to indicate how he/she communicates most effectively, if he/she has a language barrier, literacy issue, and/or sensory impairment. If such barrier exist, assistance shall be provided to the resident by a staff member or other qualified person. The assistance shall be provided at no cost to the resident. Assistance can take the form of closed caption videos, closed caption videos in Spanish, auxiliary items for residents who may be deaf/hard of hearing or blind/seeing impaired, and interpreter services. Staff are required to read the agency's Guide for Client Sexual Abuse and Sexual Harassment Prevention to each resident at intake. Should community resources be necessary, the facility would contact agency leadership in order to contract with outside services.

The policy also states:

- Telecommunications device for the deaf (TDD), shall be provided as needed with no cost to residents, family members, and/or significant others. Mobile units are stationed at the Administrative Office and the Detox facility. The Admissions Manager, or designee, will coordinate with the Communications Specialist to install the unit at the requested facility
- If an interpreter is needed for continuing case management services, the Program Manager or designee should utilize the contact list for these services

- When a translator (i.e., Spanish, Vietnamese, etc.) is needed for prospective residents, the Admissions Manager or designee will make arrangements through The International Institute
- Once a resident is placed in a program, a Program Manager or designee should arrange for ongoing services
- The Program Manager/designee in the facility where the resident is placed can utilize the contact list during standard business hours and off-hours
- There are no fees to residents, family members, and/or significant others with regard to language barrier/literacy services. The Agency has signed agreements and/or billing guidelines set up with the contacts listed
- Should an employee offer/be directed to provide in-house services, his/her supervisor must authorize him/her to leave his/her regular duties during the time in which he/she is interpreting
- Any request by a resident to have a family member or friend interpret, following the Agency's offer to provide an interpreter, must be documented in the resident's file. The resident's request will be honored unless the Admissions Manager and/or facility's Program Manager feels the person the resident is requesting is not sufficiently qualified and, in such cases, must provide the resident an interpreter from the contact list. Documentation must include a written statement signed by the resident

The policy does not allow for the use of resident interpreters unless circumstances are such as where an extended delay in interpretation could compromise a resident's safety, the performance of first-responder duties, or the investigation of the resident's allegation of sexual abuse or sexual harassment. If a resident interpreter or reader is used, this must be documented in a resident log.

The auditor was give the materials given to residents during intake. All material provided is at a 9<sup>th</sup> grade reading level and all residents must read a passage to ensure that they are capable of reading all provided materials and instructions.

The auditor spoke to RS staff who provide residents with PREA resident information at intake including a resident handbook and grievance instructions. The staff members state that they explain all areas of the handbook; will ensure each resident can read and write; and inform staff of the resident's need for additional services. The staff state the facility has not had a resident who needed a translator or an auxiliary aid in order to benefit from the program. The staff report that they have not had a resident that is limited English proficient, or was in need of auxiliary aids.

The auditor interviewed any resident that identified as having a reading or cognitive disability, physical disability, or limited English proficient. No resident in this targeted category were in need of any additional services in order to benefit from the agency's effort to prevent, detect, or respond to sexual abuse or sexual harassment. All residents interviewed were capable to describing the facility's zero tolerance policy, reporting options, and services that are provided free of charge to any resident that request such services.

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 prohibits hiring or promoting anyone who may have contact with the residents and prohibits the services of any contractor who may have contact with residents who: has engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility, or other institution; has been convicted or engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied treats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or has been civilly or administratively adjudicated to have engaged in the activity described in the above section.

Policy 3006 requires the agency to conduct background check for all prospective employees, including temporary employees, independent contractors, volunteers, and student interns or required the contractor, vendor, volunteer to provide a background check. Record checks are completed every five years. The auditor interviewed the Director of Human Resources during the onsite visit. The director states that every five

years the Human Resource Department will run background checks on the entire facility regardless when a person was hired in order to guarantee all staff received the required updated check. The updated background check will be stamped with a red PREA label to signify that the employee has received an updated background check as required by the standard. All employees, independent contractors, volunteers, and interns are required by policy 1080 to immediately report to their supervisor any arrests, citations, and complaints to professional licensing boards. Employees document this continued affirmation during annual personnel evaluations. All successful applicants are notified of the PREA background check requirement and that any omission regarding sexual misconduct is grounds for termination. Employees are required to document their adherence to this policy.

The Director of Human Resources reports that the Human Resource Department will review the personnel file, specifically any disciplinary action, of any employee who is up for a promotion. The agency has developed a form that indicates in red that the Human Resource Department must check discipline records for anything related to PREA. This form is then placed in the employee's file. This information is reported to the hiring/promotion committee before a decision is made.

The Director also reports the Human Resource Department conducts referral checks for all new hires and specifically documents whether or not a potential employee has been found to have substantially sexually abused an offender or resigned during a pending investigation of an allegation of sexual abuse.

The agency documents any request from outside confinement facilities requesting PREA reference checks on potential employees. The Director reports no request at this time.

The auditor conducted a lengthy interview with the Director of Human Resources, through zoom video conference, who took the auditor systematically through the hiring and promotion process. The Director states that during the hiring process, applicants are questioned about criminal or administrative sexual misconduct allegations on the application, during the telephone interview, and during the in person interview. Once hired, all new employees are provided the agency's zero tolerance policy 1080 and continued affirmation policy 3009 to disclose misconduct. Employees document their acknowledgment of this annually. The Director reports that to be eligible for a promotion, all interested employees must submit a letter of interest to the Human Resource Department. The department will review the employees file including disciplinary actions. Employees with disciplinary action that includes sexual misconduct are not eligible for promotion.

The Director reports no new changes to the hiring process since the last PREA audit. The auditor has been able to interview the Director for all Oriana House, Inc. community confinement facility audits.

The agency makes every effort to ensure the facility does not hire nor promote anyone that has engaged in sexual misconduct.

The facility provided the auditor with documentation for each step of the hiring process to ensure that the facility is complying with each provision of the standard. This includes interview questions with the confirmation of no administrative, civil, or criminal allegations of sexual abuse or sexual harassment, continued affirmation, background checks, disciplinary action, promotions, and reference checks.

The Executive VP of Administrative Services and Business Relations reports that the facility has not acquired any new facility nor is it planning any substantial expansion or modification to the current facility.

No electronic surveillance system or other monitoring technology has been changed since the last PREA audit in 2017. The facility has added red flashing lights to the administration corridor. When the light is on and flashing, it signals to others that a staff member has a resident in their office.

Facility management will continue to monitor and address technology monitoring issues as needed.

## **RESPONSIVE PLANNING**

### **Standard 115.221: Evidence protocol and forensic medical examinations**

**All Yes/No Questions Must Be Answered by the Auditor to Complete the Report**

#### 115.221 (a)

- If the agency is responsible for investigating allegations of sexual abuse, does the agency follow a uniform evidence protocol that maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.)  
 Yes  No  NA

#### 115.221 (b)

- Is this protocol developmentally appropriate for youth where applicable? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.)  Yes  No  NA
- Is this protocol, as appropriate, adapted from or otherwise based on the most recent edition of the U.S. Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents," or similarly comprehensive and authoritative protocols developed after 2011? (N/A if the agency/facility is not responsible for conducting any form of criminal OR administrative sexual abuse investigations.)  Yes  No  NA

#### 115.221 (c)

- Does the agency offer all residents who experience sexual abuse access to forensic medical examinations, whether on-site or at an outside facility, without financial cost, where evidentiarily or medically appropriate?  Yes  No
- Are such examinations performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible?  Yes  No
- If SAFEs or SANEs cannot be made available, is the examination performed by other qualified medical practitioners (they must have been specifically trained to conduct sexual assault forensic exams)?  Yes  No
- Has the agency documented its efforts to provide SAFEs or SANEs?  Yes  No

#### 115.221 (d)

- Does the agency attempt to make available to the victim a victim advocate from a rape crisis center?  Yes  No
- If a rape crisis center is not available to provide victim advocate services, does the agency make available to provide these services a qualified staff member from a community-based organization, or a qualified agency staff member? (N/A if agency *always* makes a victim advocate from a rape crisis center available to victims.)  Yes  No  NA
- Has the agency documented its efforts to secure services from rape crisis centers?  
 Yes  No

### 115.221 (e)

- As requested by the victim, does the victim advocate, qualified agency staff member, or qualified community-based organization staff member accompany and support the victim through the forensic medical examination process and investigatory interviews?  Yes  No
- As requested by the victim, does this person provide emotional support, crisis intervention, information, and referrals?  Yes  No

### 115.221 (f)

- If the agency itself is not responsible for investigating allegations of sexual abuse, has the agency requested that the investigating agency follow the requirements of paragraphs (a) through (e) of this section? (N/A if the agency/facility is responsible for conducting criminal AND administrative sexual abuse investigations.)  Yes  No  NA

### 115.221 (g)

- Auditor is not required to audit this provision.

### 115.221 (h)

- If the agency uses a qualified agency staff member or a qualified community-based staff member for the purposes of this section, has the individual been screened for appropriateness to serve in this role and received education concerning sexual assault and forensic examination issues in general? (N/A if agency *always* makes a victim advocate from a rape crisis center available to victims.)  Yes  No  NA

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

The agency has a policy that requires all allegations of sexual abuse and sexual harassment, regardless of how it was reported, to be administratively and/or criminally investigated. All administrative investigations will be investigated by a specialized trained investigator. All allegations that appear to be criminal will be referred to the Washington County Sheriff's Office, who have the legal authority to conduct such investigations. The facility has an MOU with this office. The MOU states that the Washington County Sheriff's Office agrees to:

- Investigate all criminal allegations of PREA with a uniform evidence protocol adapted from the Department of Justice's Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examination, Adults/Adolescents," or similarly comprehensive and authoritative protocol developed after 2011.
- Investigators will have specialized training in conducting investigations in confinement settings
- Investigators will gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; interview victims, suspected perpetrators, and witnesses; and review prior complaints and reports of sexual abuse involving suspected perpetrators
- Investigations will be documented in a written report that contains a thorough description of physical testimonial and documentary evidence with attached copies of all documentary evidence where feasible
- Substantiated allegations of conduct that appears to be criminal will be referred for criminal prosecution

Administrative investigations will be conducted by trained agency investigators. The agency has provided the auditor with training certificates for the administrative investigators.

The facility does not provide forensic medical examinations. Any resident in need of a forensic medical exam will be taken to Marietta Memorial Hospital. The hospital will provide a certified SANE nurse to any resident victim of sexual abuse at no cost to the victim. The practice is to provide the resident victim with a private, safe, and secure room with a SANE who will conduct a thorough and sensitive forensic exam. The hospital is in partnership with EVE Incorporated who will provide follow-up care and assist the victim through law enforcement interviews in cases of legal prosecution. All services are provided free of charge.

The facility has a MOU with EVE Incorporated. The MOU states that the center will agree to:

- Accompanying and supporting the victim through the forensic examination process
- Accompanying and supporting the victim through the investigatory interview
- Provide emotional and crisis support
- Provide information on community resources
- Provide psycho-educational support groups as needed
- Provide follow-up (legal advocacy and face-to-face crisis intervention services)
- Provide flyers and brochures with organization contact information

The auditor had a phone interview with the director of the shelter who confirmed the services the agency would provide to residents and that all services were free of charge. She states that the services would include crisis intervention, advocacy, individual and group counseling, and services that are specific to both male and female victims.

The PREA Coordinator states that every effort is made to provide a victim advocate from rape crisis agency; however, should one not be available, the facility has access to two Crisis Counselors that have been trained to serve as an emotional support person. The auditor was provided training certificates for both Crisis Counselors. The training was provided by the Ohio Department of Rehabilitation and Corrections.

The auditor conducted an interview with the Crisis Counselor. She states that she can provide immediate assistance to any resident experiencing trauma related to sexual harassment or sexual abuse. She states that she will also make referrals to EVE for victim advocacy or mental health counseling if the resident feels uncomfortable working with them directly.

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. Oriana House policy 1080 requires the Sexual Abuse Response Team to refer all allegations of sexual abuse to law enforcement promptly. An administrative investigation will be conducted at the conclusion of a criminal investigation.

The auditor reviewed the agency's website ([www.orianahouse.org//accreditations/prea/prea.php](http://www.orianahouse.org//accreditations/prea/prea.php)) to ensure that the investigative policy for PREA allegations was posted. The website advises that all allegations of sexual abuse will be referred to the local legal authority for a criminal investigation. The website also gives notice that all allegations (criminal or not) will have an administrative investigation conducted by a trained investigator. Sexual abuse allegations will receive an administrative investigation at the conclusion of a criminal investigation. The criminal investigatory agency will make referral to the local prosecutor for any allegation deemed appropriate according to their agency policy.

The facility has had two allegations reported during the past audit cycle. The auditor reviewed the investigation with the administrative investigators during a zoom video conference call.

Investigation #1: The facility received a third party report from another resident that a staff member and a resident were having an inappropriate relationship. The allegation was reported to administrative investigators. The staff member was placed on administrative leave during the investigation. The investigation determined the allegation of staff-to-resident sexual harassment to be substantiated. The staff member was terminated; however, the investigation did not reveal any criminal behavior so no referral for a criminal investigation was made.

Investigation #2: The facility received a third party report from another resident that a staff member had a relationship with a resident. The allegation was referred to the administrative investigators. The investigation determined the allegation of staff-to-resident sexual harassment to be substantiated. The staff member was terminated;

however, the investigation did not find the behavior criminal so no referral for a criminal investigation was made.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Agency policy 1080 requires all staff to be trained on the agency's zero tolerance policies and procedures relative to resident sexual abuse and sexual harassment. This training is required to be given to all employees every two years and provide refresher information on the current sexual harassment and abuse policies and procedures during the year full training is not offered.

The agency has trained staff on the agency zero tolerance policy, employee responsibilities, residents rights to be free from sexual abuse and sexual harassment and be free from retaliation from reporting sexual abuse and sexual harassment, common reactions for males and females, dynamics of sexual abuse and sexual harassment in a confinement setting, detecting and responding to incidents of sexual abuse and sexual harassment, avoiding inappropriate relationships, effective communication with LGBTI residents, and compliance with mandatory reporting laws. These training topics are taught to new employees during the onboarding process. All staff are required to attend this training before the employee can work directly with residents.

The facility provided the auditor with the power point used for training new staff. The training sufficiently covers section a.1-10 of standard 115.231. After completing training, the staff member documents their training by signing a sign-in sheet.

In addition to the required training dictated by the standard, the facility also provides training on the following related topics:

- Policy and procedure
- Code of Ethics
- Resident civil rights and grievance procedures
- Employee discipline
- Harassment
- Relationships with residents, former residents, and notification requirements
- Notifying supervision of arrest, citation or complaints to professional licensing board

The agency completes refresher training during monthly staff meetings. Every month, each facility conducts a training on a PREA subject directed by the agency.

- January: Common reactions of sexual abuse and sexual harassment victims (male and female)
- February: How to detect and respond to signs of threatened and actual sexual abuse

- March: How to avoid inappropriate relationships with residents
- April: How to communicate effectively and professionally with LGBTI residents; Oriana House policy 8089
- May: How to comply with relevant laws related to mandatory reporting of sexual abuse to outside authorities
- June: Pat down training; policies, procedures, and practice for conducting proper pat searches (all pat search types are reviewed)
- July: PREA screening policies and procedures
- August: Agency zero tolerance policy; Oriana House policy 1080
- September: Prevention, detection, reporting, and response to sexual abuse and sexual harassment (part 1)
- October: Prevention, detection, reporting, and response to sexual abuse and sexual harassment (part 2)
- November: Right of residents and employees to be free from sexual abuse and sexual harassment and from retaliation for reporting sexual abuse and sexual harassment
- December: Dynamics of sexual abuse and sexual harassment in a confinement setting.

The auditor interviewed programming and security staff. All staff report having onboarding and annual training that included PREA. The staff report that they receive PREA training monthly during staff meetings.

The Program Manager states he will conduct a one-on-one session with a staff member who is absent from the training.

The staff have available a PREA Staff Guide Book that is located at all post desk. The auditor reviewed the contents of the book. It includes:

- First responder duties
- Reporting duties
- Coordinated respond plan with contact names and phone numbers
- PREA policies and procedures
- Assisting residents with disabilities
- Transgender safety plans
- Medical response plan
- PREA definitions
- Staffing plan

- Logging cross-gender views

The PREA Coordinator discussed the agency's training practices. She states that the agency cross trains all staff concerning PREA gender specific topics because staff can work with male and/or female residents. The agency also offers staff gender specific training on PREA related topics. Each facility will provide training on building specific issues related to PREA. These topics can include: transgender residents, PREA assessment interview, coordinated response plan, and first responder duties.

The auditor was provided training sign-in sheets to verify training.

## Standard 115.232: Volunteer and contractor training

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

### 115.232 (a)

- Has the agency ensured that all volunteers and contractors who have contact with residents have been trained on their responsibilities under the agency's sexual abuse and sexual harassment prevention, detection, and response policies and procedures?  Yes  No

### 115.232 (b)

- Have all volunteers and contractors who have contact with residents been notified of the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and informed how to report such incidents (the level and type of training provided to volunteers and contractors shall be based on the services they provide and level of contact they have with residents)?  Yes  No

### 115.232 (c)

- Does the agency maintain documentation confirming that volunteers and contractors understand the training they have received?  Yes  No

## Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### **Instructions for Overall Compliance Determination Narrative**

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 requires all contractors and volunteers who have contact with residents receive training on the agency's policies and procedures relating to sexual abuse and sexual harassment. The level and type of training provided will be based on the services provided and amount of contact with the residents. Minimally, all contractors and volunteers will be informed of the agency's policies and how to report allegations.

The PREA Coordinator discussed the agency's system for determining the type of training required of a contractor or volunteer. The agency has a level system where individuals identified as a level one would receive a three-hour training on the agency's policy on how to prevent, detect, respond, and report sexual abuse and sexual harassment. A level two individual will receive a thirty-minute training that consist of a fifteen-minute video and fifteen minutes of instruction of a trained facilitator. A level three individual would be asked to read and sign a PREA acknowledgement form. The form explains the agency's zero tolerance policy and the signer agrees to agreement to abide by these rules. Anyone assigned a level four status will have to be escorted throughout the facility by staff. The auditor was assigned a level three status, and read and signed the PREA acknowledgment form each day during the onsite visit.

Documentation of received training is forwarded to the Compliance/Accreditation Manager. Once documented, the individual who has a level one or two status will receive a special name badge which identifies to security staff that this person has received PREA training and does not need to sign the PREA acknowledgment form. Should a level one or two contractor or volunteer forget their badge, they would be required to read and sign the PREA acknowledgement form.

The auditor reviewed the training material for contractor training and signed acknowledgments.

During the onsite visit, the auditor reviewed the agency's visitor zero tolerance noticed and signed acknowledgement of the zero tolerance policy each day.

The facility is currently not allowing volunteers into the facility due to COVID-19 protocols.

#### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 states that during the intake process, all residents shall receive information explaining the agency's zero tolerance policy regarding all forms of sexual abuse and sexual harassment and how to report incidents or suspicions of sexual abuse or sexual harassment. The policy also states that residents that are transferred into the

facility will receive refresher training which includes the location of PREA posters and information on how to report allegations or suspicions of sexual abuse or sexual harassment.

The auditor received a copy of the intake packet that all residents including transfer residents receive. The packet includes information on the program rules which includes possible sanctions for violating the facility's zero tolerance policy. The form is signed and dated by the resident. The intake packet also includes a Guide for Sexual Abuse and Sexual Harassment Prevention. This form includes information on how to report, phone numbers and address for facility, local, and stated reporting agencies, limitations of confidentiality, and how to keep oneself safe. This form is signed and dated by the resident. The resident is also provided a form explaining the facility's search policy and the types of searched that the facility conducts. The resident also signs and dates this form.

The auditor reviewed documentation that the residents received this information at intake.

During the onsite visit, the auditor noted various posters in English and Spanish throughout the facility. The posters provided information to residents, visitors, and staff on how to report allegations and phone numbers and address to reporting agencies. The facility also posts information on pat searches. The posters give a step by step explanation of the search process. The posters are in locations where residents are searched.

The auditor was give the materials given to residents during intake. All material provided is at a 9<sup>th</sup> grade reading level and all residents must read a passage to ensure that they are capable of reading all provided materials and instructions.

The auditor spoke to the RS staff who provide residents with PREA resident information at intake including a resident handbook and grievance instructions. The staff members state that they explain all areas of the handbook; will ensure each resident can read and write; and inform staff of the resident's need for additional services if necessary. See standard 115.216 for how the facility ensures residents with physical, mental, or cognitive disabilities or residents who are limited English proficient receive PREA education.

The auditor interviewed ten (10) residents. The residents were questioned on the information they received concerning PREA during intake. The residents reported receiving information on reporting, free medical services, confidentiality, sanctions, and

searches. Most of the residents stated that they already knew about PREA before arriving at the facility and that there are posters all over the facility should they need to report an allegation. They report that the facility is safe and that they do not think PREA incidents happen in places like this.

## Standard 115.234: Specialized training: Investigations

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

### 115.234 (a)

- In addition to the general training provided to all employees pursuant to §115.231, does the agency ensure that, to the extent the agency itself conducts sexual abuse investigations, its investigators receive training in conducting such investigations in confinement settings? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.221(a).)  
 Yes  No  NA

### 115.234 (b)

- Does this specialized training include: Techniques for interviewing sexual abuse victims? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.221(a).)  Yes  No  NA
- Does this specialized training include: Proper use of Miranda and Garrity warnings? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.221(a).)  Yes  No  NA
- Does this specialized training include: Sexual abuse evidence collection in confinement settings? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.221(a).)  Yes  No  NA
- Does this specialized training include: The criteria and evidence required to substantiate a case for administrative action or prosecution referral? (N/A if the agency does not conduct any form

of administrative or criminal sexual abuse investigations. See 115.221(a.)

Yes  No  NA

#### 115.234 (c)

- Does the agency maintain documentation that agency investigators have completed the required specialized training in conducting sexual abuse investigations? (N/A if the agency does not conduct any form of administrative or criminal sexual abuse investigations. See 115.221(a).)  
 Yes  No  NA

#### 115.234 (d)

- Auditor is not required to audit this provision.

#### Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

#### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Agency policy 1080 requires all administrative investigators to receive specialized training. The agency has three investigators as well as the PREA Coordinator who received in-person training from the Moss Group. The training provided includes techniques for interviewing sexual abuse victims, proper use of Miranda and Garity warnings, evidence collection in a confinement setting, and required evidence to substantiate a case for administrative action or criminal referral. The agency retains completion of training certificates as proof of training. The investigators receive refresher training on specialized investigator training.

The auditor was able to review the curriculum and training material provided by the Moss Group. The training was appropriate to the requirements of this standard.

The administrative investigators were able to discuss the training they received on trauma informed care, evidence collection as it relates to administrative investigations in a

confinement setting, proper documentation, and how to determine an appropriate finding to an investigation. Both investigators are former police officers and have extensive experience in investigating crimes. The investigators understand Garity; however, this is a private non-profit organization and Garity warnings do not apply.

The agency policy prohibits administrative investigators from conducting a criminal investigation. All criminal investigations will be conducted by the local legal authority.

## Standard 115.235: Specialized training: Medical and mental health care

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

### 115.235 (a)

- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in: How to detect and assess signs of sexual abuse and sexual harassment? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.)  
 Yes    No    NA
- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in: How to preserve physical evidence of sexual abuse? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.)  Yes    No    NA
- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in: How to respond effectively and professionally to victims of sexual abuse and sexual harassment? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.)  Yes    No    NA
- Does the agency ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in: How and to whom to report allegations or suspicions of sexual abuse and sexual harassment? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.)  
 Yes    No    NA

### 115.235 (b)

- If medical staff employed by the agency conduct forensic examinations, do such medical staff receive appropriate training to conduct such examinations? (N/A if agency does not employ medical staff or the medical staff employed by the agency do not conduct forensic exams.)  
 Yes    No    NA

#### 115.235 (c)

- Does the agency maintain documentation that medical and mental health practitioners have received the training referenced in this standard either from the agency or elsewhere? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners who work regularly in its facilities.)  Yes    No    NA

#### 115.235 (d)

- Do medical and mental health care practitioners employed by the agency also receive training mandated for employees by §115.231? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners employed by the agency.)  Yes    No    NA
- Do medical and mental health care practitioners contracted by and volunteering for the agency also receive training mandated for contractors and volunteers by §115.232? (N/A if the agency does not have any full- or part-time medical or mental health care practitioners contracted by or volunteering for the agency.)  Yes    No    NA

#### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 requires specialized training for medical and mental health care employees who work regularly in individual facilities are trained in specific areas related to their job duties specific to resident sexual abuse and sexual harassment. Depending upon their status with the agency, medical and mental health practitioners will also receive the same training that is mandated for employees or the same training that is mandated for

independent contractors, vendors, interns, and volunteers. The agency will maintain documentation that the designated staff has received the specialized training.

The facility has counselors, but not medical staff. The auditor interviewed the crisis counselor. She confirmed that the counselors received the facilities annual PREA training (monthly during staff meetings) as well as receiving specialized training for medical and mental health professionals.

The specialized training, *PREA: Behavioral Health Care for Sexual Assault Victims in a Confinement Setting*, was developed by the National Institute of Corrections.

All resident medical care is taken care of in the community including sexual assault examinations.

The agency provided the auditor with training certificates for the medical and mental health practitioners.

## SCREENING FOR RISK OF SEXUAL VICTIMIZATION AND ABUSIVENESS

### Standard 115.241: Screening for risk of victimization and abusiveness

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

#### 115.241 (a)

- Are all residents assessed during an intake screening for their risk of being sexually abused by other residents or sexually abusive toward other residents?  Yes  No
- Are all residents assessed upon transfer to another facility for their risk of being sexually abused by other residents or sexually abusive toward other residents?  Yes  No

#### 115.241 (b)

- Do intake screenings ordinarily take place within 72 hours of arrival at the facility?  
 Yes  No

#### 115.241 (c)

- Are all PREA screening assessments conducted using an objective screening instrument?  
 Yes  No

#### 115.241 (d)

- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: Whether the resident has a mental, physical, or developmental disability?  Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: The age of the resident?  Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: The physical build of the resident?  Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: Whether the resident has previously been incarcerated?  
 Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: Whether the resident's criminal history is exclusively nonviolent?  
 Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: Whether the resident has prior convictions for sex offenses against an adult or child?  Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: Whether the resident is or is perceived to be gay, lesbian, bisexual, transgender, intersex, or gender nonconforming (the facility affirmatively asks the resident about his/her sexual orientation and gender identity AND makes a subjective determination based on the screener's perception whether the resident is gender non-conforming or otherwise may be perceived to be LGBTI)?  Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: Whether the resident has previously experienced sexual victimization?  Yes  No
- Does the intake screening consider, at a minimum, the following criteria to assess residents for risk of sexual victimization: The resident's own perception of vulnerability?  Yes  No

#### 115.241 (e)

- In assessing residents for risk of being sexually abusive, does the initial PREA risk screening consider, when known to the agency: prior acts of sexual abuse?  Yes  No
- In assessing residents for risk of being sexually abusive, does the initial PREA risk screening consider, when known to the agency: prior convictions for violent offenses?  Yes  No
- In assessing residents for risk of being sexually abusive, does the initial PREA risk screening consider, when known to the agency: history of prior institutional violence or sexual abuse?  Yes  No

#### 115.241 (f)

- Within a set time period not more than 30 days from the resident's arrival at the facility, does the facility reassess the resident's risk of victimization or abusiveness based upon any additional, relevant information received by the facility since the intake screening?  Yes  No

#### 115.241 (g)

- Does the facility reassess a resident's risk level when warranted due to a: Referral?  Yes  No
- Does the facility reassess a resident's risk level when warranted due to a: Request?  Yes  No
- Does the facility reassess a resident's risk level when warranted due to a: Incident of sexual abuse?  Yes  No
- Does the facility reassess a resident's risk level when warranted due to a: Receipt of additional information that bears on the resident's risk of sexual victimization or abusiveness?  Yes  No

#### 115.241 (h)

- Is it the case that residents are not ever disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked pursuant to paragraphs (d)(1), (d)(7), (d)(8), or (d)(9) of this section?  Yes  No

#### 115.241 (i)

- Has the agency implemented appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this standard in order to ensure that sensitive information is not exploited to the resident's detriment by staff or other residents?  Yes  No

#### Auditor Overall Compliance Determination

**Exceeds Standard** (*Substantially exceeds requirement of standards*)

- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 states that all residents will be assessed for risk of victimization or abusiveness within 72-hours of arrival at the facility. This includes new intake or transfer residents. The Resident Supervisor will administer the screening instrument and considers the following:

- a. Whether the resident has a mental, physical, or developmental disability
- b. The age of the resident
- c. The physical build of the resident
- d. Whether the resident has a prior conviction for sex offenses against an adult or child
- e. Whether the resident is or is perceived to be gay, lesbian, bisexual, transgender, gender non-conforming, or intersex
- f. Whether resident has previously experienced sexual victimization
- g. The residents own perception of vulnerability
- h. Prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse

The policy does not allow for residents to be disciplined for refusing to answer or not disclosing complete information to questions a, d, f, or g. The staff member is required to mark those responses as "refused to answer."

The auditor was given a copy of the risk assessment instrument. The assessment not only documents the residents answers to the required questions, but also identifies sources of additional information, areas of concern or other considerations, and reasons for a professional override to the score. After the screening is complete, the screener will score the instrument based on the resident's answers. The resident can receive a classification of susceptible, highly susceptible, abusive, highly abusive, or no risk.

The auditor interviewed Resident Supervisor staff responsible for conducting the initial risk screening. The staff reports that they have received training on how to complete the assessment and score the instrument. Before completing the assessment, they are to

explain the assessment tool and its purpose. The staff reviewed the interview process with the auditor. They state that they are to verbally read the questions to each residents. If the resident does not understand a term or the question, the RS will break down the question and use terms the resident understands (may give an example). The staff also report asking follow-up questions depending upon resident answers. The staff, when questioned, state that residents are not disciplined when refusing to give answers to questions.

Should the resident report information that indicates that he may be more vulnerable to victimization or to abuse another resident, staff will report that information to the Lead Resident Supervisor and assign the resident to a designated PREA bed. The RS staff state that residents of opposite classifications will not be housed in the same dorm room. This does not apply to the female residents due to the housing unit only having one dorm. Should there be female residents of the opposite classification, increased rounds and monitoring would occur.

The case managers are responsible for conducting thirty-day reassessments. The case managers report they will review the initial assessment and ensure that the information is in line with the information already received from the referring agency. The case managers report being trained on how to conduct an assessment and the Program Coordinator will complete a quality assurance check on both the initial and reassessment.

The auditor interviewed the Program Coordinator. She states that she tracks both initial and reassessments to ensure each is completed on time. She states that she will send a reminder to the case manager two weeks prior to the due date of the reassessment. She reports that she will conduct a quality assurance check on the risk assessments. She reports that she is checking for accuracy of data compared to information on the resident's pre-sentence investigation. The Program Coordinator reports that residents will receive a reassessment if the facility should receive any additional relevant information or if the resident is involved in a sexual abuse incident.

Residents interviewed stated they remember having an assessment performed during intake. They state that the RS staff explained the assessment, and most stated that they are familiar with the process due to being incarcerated at other facilities. Residents who have been at the facility longer than 30-days were questioned on a reassessment. The residents replied that their case managers questioned them on the accuracy of the assessment and if any of the information had changed. Some residents stated that the case manager asked the same questions as the RS staff at intake.

During the onsite visit the auditor was able to review assessments in the online database system. The auditor was also given a report that identifies each resident, their risk classification, intake date, assessment date, and reassessment date. All assessments and reassessments were completed within the required time period.

The assessments are kept in the agency's ORION database system and access to this information is limited to clinical staff.

### Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 states that the screening information will be made available to appropriate staff to ensure that all housing, programming, and community assignments are given in a way to minimize the risk of the resident being sexually victimized. The facility has specifically assigned dorms and beds for residents that have been identified as being highly susceptible or highly abusive. These specific beds are located in areas that are easily visible from the doorway of each room. Programming staff will make every effort when scheduling groups not to place residents with opposing PREA statuses in the same group. The policy states when that is not possible, that the staff will monitor appearance and behavior and report any significant changes.

The policy states that residents with a highly susceptible or highly abusive PREA status will have increased whereabouts checks. Residents with no status or a status of susceptible or abusive receive three whereabouts checks per shift while residents with highly PREA statuses will receive six whereabouts checks per shift. Only the Program Manager or the Lead Resident Supervisor can remove a resident from the increased whereabouts checks.

During the onsite visit, the auditor was shown the whereabouts check sheet and verification of increased checks for those with PREA statuses. The auditor was also able

to view the designated PREA rooms/beds. The Lead Resident Supervisor reports to the auditor that all residents entering the facility are on increased whereabouts watch during their first 48-hours in the facility. This allows the facility to monitor residents' acclimation to the facility adjust accommodation methods if necessary.

Oriana House policy 1080 also requires the facility to address the underlying reasons and motivations for susceptibility or abusiveness. The information from the screening will be used to develop targeted Individual Program Plan (IPP) goals and objectives to address the identified risk and needs assessment indications. The crisis counselor will then make the appropriate referral to an outside professional to address and correct the underlying reasons and motivations for susceptibility or abusiveness.

During interviews with the Program Coordinator and case managers, the auditor inquired about how the facility uses the information collected for the risk assessments. The staff report that the information is used to develop a resident's individual program plan. The residents are able to attend group programming to address issues (trauma group, anger management, men's mental health) and/or individual counseling sessions. The group or individual counseling will be completed with agency counselors.

The agency has developed a plan to ensure the safety of transgender/intersex residents while in Oriana House facilities. The plan includes a review of the perspective resident by the PREA Coordinator, PREA manager, admissions personnel, and crisis counselor that will address issues that come with the placement of a transgender resident. Once an appropriate facility has been identified, the intake department will notify supervisory staff at the proposed facility. In order to ensure placement decisions are on an individualized case-by-case basis, the facility will collect information into consideration the transgender resident's concerns in terms of safety- housing placement and programming, name, pronoun, shower, preference, and searches. The resident will be asked:

- What gender do you identify with
- What is your preferred name
- How do you prefer to be addressed
- Have you had any medical consultation regarding your gender identity
- Are you willing to provide a medical release of information for verification of medical consultation
- Are you in the process or have you undergone any gender affirmation surgery or hormonal therapy
- How long with you been living as your identified gender
- Who are you attracted to

- Do you prefer male or female housing
- Do you have any specific safety concerns in regards to you placement
- Are you comfortable with communal showering or would you prefer accommodations be made for you to shower separately
- What gender would you feel most comfortable conducting a pat-down search and UDS

The PREA Coordinator reports that once the transgender assessment is completed, the facility will forward the results to the review committee. She reports that the resident's preferences will not be the sole determining factor for placement and handling but will be given serious consideration, along with the safety, security, and staffing of the facility. Once the review and placement decision is made, the facility will notify and prepare staff for the safe management of the resident.

The facility does not current have a transgender or intersex resident. However, the facility has housed a transgender resident during the past twelve months. The Program Manager reports that the team screened the resident prior to placement. They address the resident's concerns at intake and developed a plan for appropriate accommodations. The Crisis Counselor reports that the transgender resident refused to complete any assessment and refused all offers of service. The resident request to be removed from the program soon after arrival.

During Resident Supervisor interviews, they state that they were instructed on proper transgender pat searches as well as the gender of staff allowed to complete pat searches on this specific resident. The RS staff also discussed their instructions on preferred pronouns and shower accommodations. They state that the resident did not want to be at the facility and was not there very long. They state that during the resident's stay, there were no issues of bullying or harassment.

The auditor interviewed any resident that identified as gay or bisexual. All residents interviewed stated that they have not experienced any discrimination and did not feel as if they were placed in a housing unit or dorm based on their status. All residents interviewed were asked about dorm placement and all males stated that the rooms were based on ORAS risk assessment.

The facility does not have a dedicated unit for residents that identify as LGBTI. Residents that identify as LGBTI will be housed in a safe, appropriate dorm/bed where staff have clear line of site views to the resident's bed. All residents that have been

identified as being at higher risk, including LGBTI residents, will have increased whereabouts checks.

## REPORTING

### Standard 115.251: Resident reporting

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

#### 115.251 (a)

- Does the agency provide multiple internal ways for residents to privately report: Sexual abuse and sexual harassment?  Yes  No
- Does the agency provide multiple internal ways for residents to privately report: Retaliation by other residents or staff for reporting sexual abuse and sexual harassment?  Yes  No
- Does the agency provide multiple internal ways for residents to privately report: Staff neglect or violation of responsibilities that may have contributed to such incidents?  Yes  No

#### 115.251 (b)

- Does the agency also provide at least one way for residents to report sexual abuse or sexual harassment to a public or private entity or office that is not part of the agency?  Yes  No
- Is that private entity or office able to receive and immediately forward resident reports of sexual abuse and sexual harassment to agency officials?  Yes  No
- Does that private entity or office allow the resident to remain anonymous upon request?  
 Yes  No

#### 115.251 (c)

- Do staff members accept reports of sexual abuse and sexual harassment made verbally, in writing, anonymously, and from third parties?  Yes  No
- Do staff members promptly document any verbal reports of sexual abuse and sexual harassment?  Yes  No

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 requires Oriana House to provide residents with the opportunity to report sexual abuse and sexual harassment, retaliation by other residents or employees for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to an incident of sexual abuse. The policy allows for residents to report anonymously and lists the following as ways a resident can report:

- Verbally telling any Oriana House employee
- Completing a Client Sexual Abuse/Harassment Reporting form (located in the resident handbook)
- Oriana House website at [www.orianahouse.org/contactus](http://www.orianahouse.org/contactus)
- Calling the Oriana House Client Sexual Abuse Hotline 330-258-1271 free of charge
- Emailing [SexualAbuseReporting@orianahouse.org](mailto:SexualAbuseReporting@orianahouse.org)
- Calling an outside third party hotline at 614-728-3399 free of charge

Each housing unit is equipped with several payphones that residents are able to use in order to report (including anonymously) sexual abuse and sexual harassment. The residents in the facility are also allowed to have smart phones while residing in the facility. Residents are able to report allegations directly to any staff member, contractor, volunteer, or to/on behalf of a third party. Residents are reminded during intake, orientation, and during case manager meetings that all reports will be taken seriously and investigated.

The auditor has tested the outside hotline number managed by the Community Sanctions PREA Liaison, the internal hotline number, and the internal email reporting link, to ensure the methods are operable. The Liaison, Cynthia Ali, returned the auditor's phone call.

During the tour, the auditor noticed several postings in conspicuous places that listed reporting information for local, state, and national organizations. The information includes the name, phone number, and address for all organizations listed.

The auditor interviewed a total of ten residents. The residents were asked questions on ways a resident can report, private and anonymous reporting, and how residents received this information. The residents were able to list several ways they could report. The residents were able to identify as least one staff member they felt comfortable with addressing any PREA related issue. One resident interviewed stated that he has been at several other community confinement facilities, and while each of them were safe and free from sexual abuse and sexual harassment, this resident felt the Reserve Center created a culture where residents could feel comfortable enough to address staff with any care or concern regardless of what the situation was without fear of retaliation. The residents felt like staff would respond appropriately to any and all allegations.

The facility has received two allegations during this audit period. All allegations reported to staff by residents were referred to the administrative investigators for an investigation.

All staff interviewed were questioned on reporting obligations and who/how they could report allegations or suspicions of sexual abuse or sexual harassment. The staff report that during onboarding training, they are given written instructions on staff reporting duties. The form was provided to the auditor. It instructs staff on their reporting obligations, and the ability to report confidentially.

## Standard 115.252: Exhaustion of administrative remedies

### All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

#### 115.252 (a)

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address resident grievances regarding sexual abuse. This does not mean the agency is exempt simply because a resident does not have to or is not ordinarily expected to submit a grievance to report sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse.  Yes  No

#### 115.252 (b)

- Does the agency permit residents to submit a grievance regarding an allegation of sexual abuse without any type of time limits? (The agency may apply otherwise-applicable time limits to any portion of a grievance that does not allege an incident of sexual abuse.) (N/A if agency is exempt from this standard.)  Yes  No  NA
- Does the agency always refrain from requiring a resident to use any informal grievance process, or to otherwise attempt to resolve with staff, an alleged incident of sexual abuse? (N/A if agency is exempt from this standard.)  Yes  No  NA

#### 115.252 (c)

- Does the agency ensure that: A resident who alleges sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)  Yes  No  NA
- Does the agency ensure that: Such grievance is not referred to a staff member who is the subject of the complaint? (N/A if agency is exempt from this standard.)  Yes  No  NA

#### 115.252 (d)

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? (Computation of the 90-day time period does not include time consumed by residents in preparing any administrative appeal.) (N/A if agency is exempt from this standard.)  Yes  No  NA
- If the agency determines that the 90-day timeframe is insufficient to make an appropriate decision and claims an extension of time (the maximum allowable extension of time to respond is 70 days per 115.252(d)(3)) , does the agency notify the resident in writing of any such extension and provide a date by which a decision will be made? (N/A if agency is exempt from this standard.)  Yes  No  NA
- At any level of the administrative process, including the final level, if the resident does not receive a response within the time allotted for reply, including any properly noticed extension, may a resident consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.)  Yes  No  NA

#### 115.252 (e)

- Are third parties, including fellow residents, staff members, family members, attorneys, and outside advocates, permitted to assist residents in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.)  Yes  No  NA
- Are those third parties also permitted to file such requests on behalf of residents? (If a third-party files such a request on behalf of a resident, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.)  Yes  No  NA
- If the resident declines to have the request processed on his or her behalf, does the agency document the resident's decision? (N/A if agency is exempt from this standard.)  Yes  No  NA

#### 115.252 (f)

- Has the agency established procedures for the filing of an emergency grievance alleging that a resident is subject to a substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)  Yes  No  NA
- After receiving an emergency grievance alleging a resident is subject to a substantial risk of imminent sexual abuse, does the agency immediately forward the grievance (or any portion thereof that alleges the substantial risk of imminent sexual abuse) to a level of review at which immediate corrective action may be taken? (N/A if agency is exempt from this standard.)  Yes  No  NA
- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.)  Yes  No  NA

- After receiving an emergency grievance described above, does the agency issue a final agency decision within 5 calendar days? (N/A if agency is exempt from this standard.)  
 Yes  No  NA
- Does the initial response and final agency decision document the agency's determination whether the resident is in substantial risk of imminent sexual abuse? (N/A if agency is exempt from this standard.)  Yes  No  NA
- Does the initial response document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)  Yes  No  NA
- Does the agency's final decision document the agency's action(s) taken in response to the emergency grievance? (N/A if agency is exempt from this standard.)  Yes  No  NA

### 115.252 (g)

- If the agency disciplines a resident for filing a grievance related to alleged sexual abuse, does it do so ONLY where the agency demonstrates that the resident filed the grievance in bad faith? (N/A if agency is exempt from this standard.)  Yes  No  NA

### Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

N/A: The PREA Coordinator advised the auditor that the agency does not have administrative procedures to address resident grievance regarding sexual abuse. The agency has an explicit policy and procedure (policy 1080: Resident Sexual Abuse and Sexual Harassment Prevention) that addresses all aspects of the agency's compliance with the PREA standards. The Coordinator states that should a resident file a grievance alleging sexual abuse or sexual harassment, the allegation will be investigated under agency policy 1080.

## Standard 115.253: Resident access to outside confidential support services

### All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

#### 115.253 (a)

- Does the facility provide residents with access to outside victim advocates for emotional support services related to sexual abuse by giving residents mailing addresses and telephone numbers, including toll-free hotline numbers where available, of local, State, or national victim advocacy or rape crisis organizations?  Yes  No
- Does the facility enable reasonable communication between residents and these organizations and agencies, in as confidential a manner as possible?  Yes  No

#### 115.253 (b)

- Does the facility inform residents, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws?  Yes  No

#### 115.253 (c)

- Does the agency maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide residents with confidential emotional support services related to sexual abuse?  Yes  No
- Does the agency maintain copies of agreements or documentation showing attempts to enter into such agreements?  Yes  No

### Auditor Overall Compliance Determination

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 requires each facility to provide residents with access to outside victim advocates for emotional support services related to sexual abuse by giving residents mailing addresses and telephone numbers of local, state, or national victim advocacy or rape crisis organizations, and by enabling reasonable communication between residents and these organizations, in as confidential manner as possible. Policy requires staff to notify residents, prior to giving them access, of the extent to which the communication will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.

The facility has placed posters in English and Spanish around the building in conspicuous places that provide the telephone number and address to the local victim advocate and emotional supportive services agency. A review of the resident handbook shows a listing of the addresses and telephone numbers to local, state and national victim advocate agencies.

The facility has a MOU with EVE Incorporated. The MOU list that EVE Incorporated has agreed to the following:

- Accompanying and supporting the victim through the forensic examination process
- Accompanying and supporting the victim through investigatory interview at the hospital
- Provide emotional and crisis support
- Provide information on community resources
- Provide follow-up (legal advocacy and face to face crisis intervention services)
- Provided posters with organization contact information (address and telephone number)
- Provide a telephone number that any client can anonymously call to report sexual abuse
- Provide an address that any client can anonymously send a letter to report sexual abuse

The auditor received confirmation from the director of the center that they have provided their address and phone number to residents of Oriana House and will provide emotional supportive services free of charge.

The residents are informed that they have the right to privacy while making a report of sexual abuse to outside agencies; however, due to state and federal mandatory reporting laws, the agency may be required to report allegation. The residents can also find this information inside the resident handbook.

Case managers are required to have role clarification meeting where residents are given information on the limits to confidentiality. The residents are informed that all information would be immediately reported to proper authorities. The case managers interviewed confirmed the meeting and the information provided to the residents.

During the interview with the Crisis Counselor, she confirmed that she informs all residents prior to the beginning of services of the limits of confidentiality and the agency's mandatory reporting requirement for all incidents, reports, or suspicions of sexual abuse and sexual harassment.

\*The national rape crisis advocacy organization, RAINN, does not keep record of calls into the center. All calls are anonymous and callers are forwarded to their local rape crisis agency.

## Standard 115.254: Third-party reporting

**All Yes/No Questions Must Be Answered by the Auditor to Complete the Report**

### 115.254 (a)

- Has the agency established a method to receive third-party reports of sexual abuse and sexual harassment?  Yes  No
- Has the agency distributed publicly information on how to report sexual abuse and sexual harassment on behalf of a resident?  Yes  No

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Agency policy 1080 requires the posting of information on how a third-party can report sexual abuse or sexual harassment on behalf of a resident on the agency website. The auditor reviewed the agency website ([www.orianahouse.org/accreditations/prea/prea.php](http://www.orianahouse.org/accreditations/prea/prea.php)) and was able to see the posted information on how to report an allegation.

The auditor called the outside agency hotline number. A representative from the outside agency returned the auditor's phone call and confirmed that they are a reporting agency and would report all allegations to the PREA Coordinator.

The facility has posted in conspicuous places, including areas where visitors would frequent, notices on how a person can make a third-party report of sexual abuse or sexual harassment on behalf of a resident. The notices include toll-free hotline numbers and the email address that is listed on the agency website.

The facility has received two third-party report of sexual harassment during the past audit cycle. The third party reporters were identified as other residents. The allegation was referred to the administrative investigators.

## Standard 115.261: Staff and agency reporting duties

### All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

#### 115.261 (a)

- Does the agency require all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment that occurred in a facility, whether or not it is part of the agency?  Yes  No
- Does the agency require all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding retaliation against residents or staff who reported an incident of sexual abuse or sexual harassment?  Yes  No
- Does the agency require all staff to report immediately and according to agency policy any knowledge, suspicion, or information regarding any staff neglect or violation of responsibilities that may have contributed to an incident of sexual abuse or sexual harassment or retaliation?  Yes  No

#### 115.261 (b)

- Apart from reporting to designated supervisors or officials, do staff always refrain from revealing any information related to a sexual abuse report to anyone other than to the extent necessary, as specified in agency policy, to make treatment, investigation, and other security and management decisions?  Yes  No

#### 115.261 (c)

- Unless otherwise precluded by Federal, State, or local law, are medical and mental health practitioners required to report sexual abuse pursuant to paragraph (a) of this section?  Yes  No
- Are medical and mental health practitioners required to inform residents of the practitioner's duty to report, and the limitations of confidentiality, at the initiation of services?  Yes  No

#### 115.261 (d)

- If the alleged victim is under the age of 18 or considered a vulnerable adult under a State or local vulnerable persons statute, does the agency report the allegation to the designated State or local services agency under applicable mandatory reporting laws?  Yes  No

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 requires all employees, including medical and mental health staff, to immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse or sexual harassment including third-party and anonymous reports to the Resident Sexual Abuse Response Team via email. This includes allegations of retaliation for reporting incidents of sexual abuse or sexual harassment or cooperating in an investigation concerning an allegation of sexual abuse or sexual harassment and any knowledge, suspicion, or information regarding staff neglect or violation of responsibilities that may have contributed to an incident of sexual abuse, sexual harassment, or retaliation.

Policy 1027 states that all resident information related to PREA will be maintained in a confidential manner in compliance with Federal PREA requirements. Release of information concerning PREA allegations will be done as necessary and in accordance with Federal PREA requirements.

Policy 1005 requires states staff, without reservation, must report to the appropriate supervisor any corrupt or unethical behavior, including sexual misconduct or sexual abuse as defined by the Prison Rape Elimination Act that could affect a resident or the integrity of the Agency.

The PREA Coordinator reviewed the process with the auditor. According to the Coordinator, the staff are to:

- Immediately email the Resident Sexual Abuse Response Team
- Documenting the allegation, including verbal reports to management staff

- Limit the number of people who have knowledge of the allegation to designated officials who are responsible for making treatment, investigation, and other security decisions
- Perform any first responder duties as needed

A review of the PREA Staff Guide Book provides instructions to staff on how to report resident sexual abuse or harassment. The guide speaks to the agency's responsibility of creating a culture where residents feel safe to report sexual abuse or sexual harassment without the fear of retaliation. The book provides a phone number, email address, and required reporting form.

Each staff file contains a signed acknowledgment of receiving the following information:

- Resident confidentiality
- Code of ethics
- Employee discipline
- Residents rights and grievance procedure
- Ethics and accountability
- PREA annual acknowledgement

The facility does not accept residents that are under the age of 18 and does not have a duty to report to child protective services. The State of Ohio does not require institutions or facilities licensed by the state in which a person resides as a result of voluntary, civil, or criminal commitment to report to adult protective services (Chapter 5101:2-20 and 5101:2-20-01).

All staff interviewed reported that they are mandated reporters of any information, knowledge, or suspicions of sexual abuse and sexual harassment. The staff state they feel comfortable approaching the Program Manager to address any suspicion or knowledge they have about sexual abuse and sexual harassment. They state that they have no problem reporting a co-worker, and would address a co-worker directly if they noticed "red flag" behavior.

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Agency policy 1080 requires the agency to take immediate action to protect a resident when the facility learns of a substantial risk of imminent sexual abuse. The PREA Coordinator states that the agency can take action to protect any resident by moving the alleged victim or abuser to a different dorm or facility. The agency can also move an alleged staff abuser to another facility or place on administrative leave during an investigation.

The facility had two staff-to-resident sexual harassment allegations where both staff members were placed on administrative leave during the investigation. The victims were placed on increased whereabouts watch to prevent retaliation.

The Program Manager reports that the safety of the resident is of the highest priority. He states that the facility would assess the resident's immediate needs and find a way to appropriately support the resident and keep them safe.

The facility did not have a report from a resident that they were in fear of imminent sexual abuse.

Agency policy 1080 states that upon receiving an allegation that a resident was sexually abused while confined at another confinement facility, the Program Director/Administrator shall notify in writing the head of that facility or appropriate central office of the agency where the abuse occurred. The policy mandates that the notification shall be provided as soon as possible, but no later than 72-hours after receiving the allegation.

Policy 1080 also mandates an administrative investigation into any allegation that is made to the facility including investigations reported to the facility by another confinement facility. Should the investigation reveal criminal activity, the allegation will be referred to the local legal authority.

The Program Manager reports that the facility has not received an allegation from another confinement facility on behalf of a former resident. The facility did not make a report to another confinement facility of alleged abuse or harassment.

Any allegation reported to the facility from another confinement facility or if a resident makes a report for another confinement facility is required to be reported to the PREA Coordinator.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 outlines first responder duties for any allegation of sexual abuse. The policy instructs first responders to:

- Separate the alleged victim and abuser
- If there is a crime scene, preserve and protect it by clearing all residents and unnecessary staff from the area until law enforcement can assume responsibility of the crime scene

- If the abuse occurred within a time period that still allows for the collection of physical evidence, request the alleged victim not take any action that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.
- If the abuse occurred within a time period that still allows for the collection of physical evidence, do not allow the alleged abuser to take any action that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating
- Staff shall not collect evidence or disturb the crime scene as much as possible

In addition, the required first responder steps mandated by this standard, the policy also requires first responders to:

- Staff shall immediately notify, by telephone, Management staff following the internal chain of command and shall notify by telephone the Clinical Director.
- Management staff will contact appropriate law enforcement and notify the Resident Sexual Abuse Response Team appropriate to the designated region via email.
- If the Clinical staff is on the premise, they will assess the resident to determine services and support needed
- If a sexual abuse incident occurs outside of normal business hours, the Clinical Director and if not available, the Clinical Administrator will assess the client via telephone to determine services and support needed. Clients who request to talk with a counselor immediately will be referred to emergency mental health services. Clients who request to see a mental health counselor but state their need is not immediate will be seen by the facility crisis counselor the following business day and referred for appropriate services.

During the onsite visit, the auditor was able to review the PREA Staff Guide Book that is located at all main post. The book contains:

- First responder duties
- Reporting duties
- Coordinated response plan with contact names and phone numbers

- PREA policies and procedures
- Assisting residents with disabilities
- Transgender safety plans
- Medical response plan
- PREA definitions
- Staffing plan
- Logging cross-gender views

All staff are trained on first responder duties (security and non-security staff) including role-playing potential situations. The training is given during onboarding training, and again during the monthly training. The auditor was given a copy of the training curriculum and sign-in sheets.

The facility staff interviewed were all able to discuss the first responder duties and list the specific steps. The staff state that some of the additional coordinated response responsibilities they do not know by heart, but know the location of the PREA book with the plan. The staff state that they all take resident safety seriously and feel their training was adequate enough to prepare them to respond to sexual harassment and sexual abuse allegations appropriately.

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 list the coordinated response plan as the following:

- First Responder Duties (see standard 115.264)
- Management staff, consisting of the Lead Resident Supervisor, Program Coordinator, Program Administrator, or the Program Manager, will contact law enforcement to investigate the incident and collect evidence.
- The First Responder will notify in-house medical and mental health staff if available. If not available, call 911 to arrange for immediate access to emergency medical services and/or mental health
- Offer to contact the **EVE, Incorporate Hotline: 740-374-5819** to request a victim advocate to accompany and support the victim through the forensic medical exam process and investigatory interview
- Comply with law enforcement directives
- Notify facility management staff, appropriate Vice President, and Clinical Director and if not available, the Clinical Administrator. At least one facility management staff will report to the facility within 30 minutes of notification of the incident to assist with coordination
- Staff will document the incident as a violation report
- Email appropriate geographical "Client Sexual Abuse Reporting" group to report the incident
- If Clinical staff is on the premise they will assess the client to determine services and support needed
- If a sexual abuse incident occurs outside of normal business hours, the Clinical Director or designee will assess the client via telephone to determine services and support needed

The coordinated response plan is contained in the PREA Staff Guide Book that is at each main post. During onboarding and monthly back to basic training, staff learn the coordinated response plan and the location of the posted plan.

The Coordinated Response to an Incident of Client Sexual Abuse Plan as stated in the PREA Staff Guide Book:

- Enact first-responder duties
- Management staff shall contact law enforcement
- First responders will notify in-house mental health staff if available and call 9-1-1 to arrange for immediate access to emergency medical and/or mental health services
- Offer to contact rape crisis services, at 740-374-5819, for victim advocate services
- Document incident as a violation report
- Follow all directives of law enforcement

The auditor was given a copy of the coordinated response plan and viewed the posted plan during the onsite visit.

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 requires the facility to protect all residents and employees who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other residents or employees. The facility does this by employing multiple ways to protect such as dorm changes, transfer to another facility, or if applicable placed on electronic monitoring. The facility can also transfer staff members to a different facility or place on administrative leave.

The report will include periodic status checks, and a review of the resident's disciplinary records, housing, program changes, or negative performance reviews and reassignments of staff. The report will be sent to the appropriate facility and administrative team members. Residents that are on 90-day retaliation monitoring will also be placed on the facility "whereabout" checklist at an increased rate. The auditor was shown the process and the facility whereabouts checklist and identified high risk residents with increased whereabouts checks.

The Program Manager or Crisis Counselor will responsible for conducting retaliation monitoring. They will meet with the resident or staff member in private and inquire about any concerns of retaliation. They report they will address any concerns issued by the resident or staff member.

The Crisis Counselor reports to the auditor that she will conduct status checks during one on one sessions weekly. She would assess any changes and any concerns that the resident had concerning their safety and/or retaliation.

Agency policy 1080 states that the agency's obligation to monitor shall terminate if the allegation is determined to be unfounded. The Program Manager reports that if necessary, the facility will continue to monitor past the 90-day obligation.

The facility had two allegations of staff-to-resident sexual harassment during this audit cycle. The staff abuser in each allegation was placed on administrative leave during the investigation and then terminated from employment. The victims were placed on increased whereabouts and monitored for retaliation.

The facility did not receive a report of retaliation from these allegations.

### Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 requires an administrative investigation on any allegation on sexual harassment and sexual abuse. This includes allegations received through third-parties or

anonymous reports. If the allegation is of sexual abuse/assault or appears to be criminal in nature, the Sexual Abuse Response Team will promptly refer the allegation to the Washington County Sheriff Department. In instances of sexual abuse or sexual harassment that are not criminal in nature, the facility shall gather and preserve direct and circumstantial evidence, including any physical and electronic data; interview alleged victims, suspected perpetrators, and witnesses; and review prior complains, and reports of sexual abuse/sexual harassment involving the suspected perpetrator.

The policy requires the facility to document the investigation in a written report that is retain by the administrative investigators for as long as the alleged abuser is an Oriana House resident, or is employed by Oriana House, plus five years. The Oriana House Investigative Form includes the following information:

- Name of all victims, witnesses, and abusers
- Names of staff working during incident
- Date, time, and location of incident
- Type of incident
- How the incident was reported
- Description of incident
- Medical and/or counseling treatment (SANE services/Rape crisis)
- Statements from all available sources
- Separation from abuser
- Increased supervision
- Transfer to another facility
- LGBTI status
- Gang affiliation
- PREA Screening Status
- Law enforcement referral
- Parent agency notification
- Interpreter services
- Video evidence available
- Physical barriers
- Investigation determination
- Disciplinary action

The auditor reviewed the training curriculum and certificates for completion for all administrative investigators. The PREA Coordinator and VP of Administration and Legal Counsel have also received administrative investigator training. The training was

conducted by the Moss Group and included techniques for interviewing sexual abuse victims, proper use of Miranda and Garity warnings, sexual abuse evidence collection in a confinement setting, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The process of investigation, referral, and outcome determination was described to the auditor. The PREA Coordinator states that the agency prohibits administrative investigators from requiring a polygraph examination or other truth telling device during an investigation. She states that all investigators are also prohibited from conducting any type of criminal investigation. All criminal investigations are conducted by the local legal authority and the administrative investigators will remain in contact with the criminal investigators in order to remain informed about the progress of the investigation.

The PREA Coordinator and policy state that the departure of the allege abuser or victim from employment or control of the facility or Agency shall not provide a basis for terminating an investigation.

The administrative investigators reported the following methods of investigating an allegation:

- Trauma informed victim interviews
- Witness interviews
- Staff interviews
- Alleged abuser interviews
- Reviewing video evidence
- Reviewing past incident reports if available
- Credibility assessments based on documented behavior
- Consultation with other investigators/PREA Coordinator if necessary

The administrative investigators reviewed the three allegations reported at the facility during the past twelve months (see standard 115.222).

The investigators state that they are not to question a suspected abuser during a criminal investigation. The administrative investigation would only begin at the conclusion of the criminal investigation or with the permission of the legal authority. The investigators report that they are responsible for maintaining and securing investigation reports for as long as the abuser is incarcerated or in the case of staff abusers until the employee is no longer employed, plus five years for both cases.

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Agency policy 1080 states that the agency imposes a standard of preponderance of evidence or 51% to substantiate an allegation of sexual abuse or sexual harassment.

The auditor interviewed the facility's administrative investigators on the standard of proof used when making allegation determinations. All report using 51% as the measure to substantiate an allegation. The VP of Administration and Legal Counsel will make the final outcome determination.

The auditor reviewed the allegation from the past audit cycle to verify the standard of proof used. The allegations were determined with that standard.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

### 115.273 (a)

- Following an investigation into a resident's allegation that he or she suffered sexual abuse in an agency facility, does the agency inform the resident as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded?  Yes  No

### 115.273 (b)

- If the agency did not conduct the investigation into a resident's allegation of sexual abuse in the agency's facility, does the agency request the relevant information from the investigative agency in order to inform the resident? (N/A if the agency/facility is responsible for conducting administrative and criminal investigations.)  Yes  No  NA

### 115.273 (c)

- Following a resident's allegation that a staff member has committed sexual abuse against the resident, unless the agency has determined that the allegation is unfounded, or unless the resident has been released from custody, does the agency subsequently inform the resident whenever: The staff member is no longer posted within the resident's unit?  Yes  No
- Following a resident's allegation that a staff member has committed sexual abuse against the resident, unless the agency has determined that the allegation is unfounded, or unless the resident has been released from custody, does the agency subsequently inform the resident whenever: The staff member is no longer employed at the facility?  Yes  No
- Following a resident's allegation that a staff member has committed sexual abuse against the resident, unless the agency has determined that the allegation is unfounded, or unless the resident has been released from custody, does the agency subsequently inform the resident whenever: The agency learns that the staff member has been indicted on a charge related to sexual abuse in the facility?  Yes  No
- Following a resident's allegation that a staff member has committed sexual abuse against the resident, unless the agency has determined that the allegation is unfounded, or unless the

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 states that following an investigation into a resident's allegation of sexual abuse, the facility will inform the resident whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. If the agency did not conduct the investigation, the facility will request the information from the investigatory agency in order to inform the resident. The facility will also notify the resident whenever:

- The employee is no longer working at the resident’s assigned facility
- The employee is no longer employed by the agency
- The agency learns the employee has been convicted on a charge related to sexual abuse within the agency
- The agency learns the alleged resident abuser has been indicted on a charge related to sexual abuse within the facility
- The agency learns that the alleged resident abuser has been convicted on a charge related to sexual abuse in the facility

All such notifications or attempted notification are documented in the agency’s resident database system. The obligation to make such report under this standard shall terminate if the resident is release from the agency prior to an investigation determination.

The facility had two allegations during this audit cycle. The facility notified the residents of the investigation outcome in the other investigations.

#### 115.276 (c)

- Are disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) commensurate with the nature and

circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories?  Yes  No

#### 115.276 (d)

- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Law enforcement agencies unless the activity was clearly not criminal?  Yes  No

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 states that employees shall be subject to disciplinary action up to and including termination for violating the Resident Sexual Abuse and Sexual Harassment Prevention policy. Policy 3037 specifically outlines employee discipline. This policy states disciplinary action may take the following steps:

- Formal verbal warning
- Written warning
- Disciplinary probation
- Disciplinary suspension
- Disciplinary discharge
- Suspension pending investigation

Policy 3037 also states that disciplinary action may not always be progressive. The agency reserves the right to take whatever disciplinary action it deems appropriate for employee misconduct, including termination of employment for a first offense.

The agency outlines its progressive disciplinary plan in its employee handbook. A review of the handbook states that any staff member found to have engaged in sexual abuse will be terminated. Termination or resignation by a staff member who otherwise would have been terminated for violations of the Client Sexual Abuse and Sexual Harassment Prevention, will be reported to law enforcement agencies and any relevant licensing bodies. The handbook also states that employees who have knowledge of resident victimization and do not report it will be terminated.

The auditor interviewed the Human Resource Director. The Human Resource Director reports that it is agency practice to place a staff member on administrative leave during the course of an investigation. She states the agency enforces their strict zero tolerance policies by terminating employees found to be in violation of the policy, and terminating employees whose allegation was determined to be unsubstantiated but a major violation of the boundaries/integrity policy has been committed.

All files contained acknowledgements of receiving the employee handbook and the agency's zero tolerance policy. Employees who have been disciplined by the agency had a Notice of Employee Disciplinary Action. The documentation listed the disciplinary charge, appeal, information, and sanction. None of the disciplinary charges reviewed were related to PREA.

The facility had two allegations of staff sexual harassment during this audit cycle. The allegations were investigated and both determined to be substantiated. Both staff members' employment were terminated. An allegation summary can be found in standard 115.222.

## Standard 115.278: Interventions and disciplinary sanctions for residents

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

### 115.278 (a)

- Following an administrative finding that a resident engaged in resident-on-resident sexual abuse, or following a criminal finding of guilt for resident-on-resident sexual abuse, are residents subject to disciplinary sanctions pursuant to a formal disciplinary process?  Yes  No

### 115.278 (b)

- Are sanctions commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories?  Yes  No

### 115.278 (c)

- When determining what types of sanction, if any, should be imposed, does the disciplinary process consider whether a resident's mental disabilities or mental illness contributed to his or her behavior?  Yes  No

### 115.278 (d)

- If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, does the facility consider whether to require the offending resident to participate in such interventions as a condition of access to programming and other benefits?  Yes  No

### 115.278 (e)

- Does the agency discipline a resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact?  Yes  No

### 115.278 (f)

- For the purpose of disciplinary action does a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred NOT constitute falsely reporting an

incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation?  Yes  No

### 115.278 (g)

- If the agency prohibits all sexual activity between residents, does the agency always refrain from considering non-coercive sexual activity between residents to be sexual abuse? (N/A if the agency does not prohibit all sexual activity between residents.)  Yes  No  NA

### Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 requires all residents to face disciplinary action up to and including termination from the program following a substantiated allegation of resident to resident sexual abuse and sexual harassment or a criminal finding of guilt for resident to resident sexual abuse. The policy requires the agency to consider whether a resident's mental disabilities or mental illness contributed to his/her behavior, the resident's disciplinary history and sanctions imposed for comparable offenses by other residents with similar histories, when determining what type of sanction, if any, should be imposed.

Agency policy does not allow for the disciplining of a resident for a good faith report of sexual abuse when there is a reasonable belief that the alleged conduct occurred even if an investigation does not establish evidence sufficient to substantiate the allegation.

The policy also does not allow for offenders to have consensual sexual contact; however, such conduct will not be defined as resident sexual abuse. The policy also does not allow for the discipline of offenders for resident sexual contact with staff unless the staff member did not consent to such contact.

In the resident handbook, the facility has listed physical assaults/sexual assaults by residents or threats of assault and sexual harassment are not tolerated. The handbook also states that the agency prohibits all sexual activity between residents, which includes hugging, kissing, or touching any body part. Specifically, under the *Resident sexual abuse and Sexual Harassment Prevention Guide* in the handbook, the agency details what is considered sexual abuse, sexual harassment, and retaliation. The handbook states that violations of the zero tolerance policy will result in disciplinary sanctions and/or criminal charges.

The PREA Coordinator states that any resident found to have sexually abused another resident will be terminated from the facility. All other substantiated allegations of sexual harassment will be disciplined according to the agency's progressive discipline policy. She states that if sexual harassment incidents are egregious or repetitive, the agency will terminate the resident. The agency does not offer therapy, counseling, or other interventions designed to address and correct the underlying reasons or motivations for abuse.

Residents interviewed stated that they received a handbook at intake and were informed of the potential sanctions related to sexual abuse and sexual harassment, including termination for substantiated sexual abuse allegations. The auditor reviewed resident files which included a review of residents signed and dated acknowledgements of receiving a handbook and PREA education.

The facility has not had an allegation of resident-to-resident sexual harassment or sexual abuse during the current audit cycle.

The facility did not have an incident of non-consensual resident-to-staff sexual harassment or abuse.

### Auditor Overall Compliance Determination

- Exceeds Standard** (*Substantially exceeds requirement of standards*)
- Meets Standard** (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- Does Not Meet Standard** (*Requires Corrective Action*)

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does*

*not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Policy 1080 mandates the offering of timely, unimpeded access to emergency medical treatment and crisis intervention services free of charge to an alleged victim of sexual assault. The treatment offered also includes timely information about and timely access to sexually transmitted infection prophylaxis and emergency contraception.

The PREA Coordinator reports that residents who experience sexual victimization would be offered services provided by the agency's crisis counselor. The counselor would be available for immediate crisis intervention or to complete weekly status checks. The agency would refer sexual abuse victims to community rape crisis counseling or other appropriate community resources.

The auditor interviewed the Crisis Counselor who confirmed the services she would provide to residents that experience sexual victimization. She states that she would perform status checks and counseling. Should the resident wish, services from Eve Domestic Violence Services will be arranged.

The PREA Coordinator states that staff are also trained on the agency's PREA Medical Response Plan. The auditor reviewed the plan. The plan outlines how staff is to offer unimpeded access to both emergency and ongoing medical and mental health care. The scope of services, length of service, and type of service will be at the discretion of the medical provider and is at no cost to the resident. The plan states:

- In the event a resident is a victim of sexual abuse in our facility, the resident will be provided with unimpeded access to both emergency and ongoing medical and mental health care at no cost to the resident
- Once staff become aware of an incident involving the sexual abuse of a resident, they will follow the initial staff first responder duties
- The alleged victim will be afforded unimpeded and timely access to emergency medical and/or mental health services
- The alleged victim will be taken (if necessary) to a hospital that provides SAFE/SANE services. Services will be at no cost to the resident
- The name, address, and telephone number for local medical, mental health, and SANE providers must be listed in the facility's binder that contains emergency phone numbers
- Ongoing medical and/or mental health services that are related to incidents of sexual abuse, will be provided to the resident at no cost

The Coordinator states that the facility is responsible for reviewing the PREA Medical Response Plan annually to ensure that all service provider information is current and that the range of services are still available. Residents are informed of the rights to these services free of charge during PREA education at intake.

The facility did not have an allegation during this audit cycle that required medical or mental health services.

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

The facility offers community medical and mental health counseling services for residents who have been sexually abused in jail, lockup, or juvenile facility. Policy 1080

states that all treatment including testing for sexually transmitted disease and treatment within sixty-days to all known resident on resident abusers be offered free of charge.

During a mandatory monthly PREA training. Staff are notified of the agency's PREA Medical Response Plan. The auditor reviewed the Medical Response Plan. The plan outlines how staff is to offer unimpeded access to both emergency and ongoing medical and mental health care. The PREA Coordinator states that all ongoing medical or mental health care will be at the discretion of the medical provider and is at no cost to the resident. The facility is responsible for reviewing the plan annually to ensure that all service provider information is current and that the range of services are still available. To see the details of the plan, please see standard 115.282.

The policy also states that should a pregnancy result from sexually abusive penetration while incarcerated, timely and comprehensive information about and timely access to all lawful pregnancy related medical services will be offered. The facility has not had an incident of sexual abuse that involve sexually abusive penetration.

The auditor spoke to the Clinical Coordinator who acts as the facility's emotional support person and counselor. She states she will provide counseling services for any resident that has experienced past sexual violence. She also states that residents have access to a trauma group, men's mental health group, and anger management.

The Program Manager reports to the auditor that the facility has not housed a resident that is a known resident-to-resident abuser. Should the facility become aware that a resident has previously abused another resident, the Crisis Counselor would meet with the resident to assess how to address any underlying issues. The facility does not provide treatment for known abusers. Any available services would be provided by community agencies.

### Instructions for Overall Compliance Determination Narrative

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Oriana House policy 1080 states that the PREA Coordinator will activate a Client Sexual Abuse Review of all substantiated or unsubstantiated allegations of sexual abuse within thirty days of the conclusion of the investigation. The review team shall include an upper management designee, compliance/accreditation manager, admissions manager, and input from a designated resident supervisor and/or caseworker, administrative investigator, and mental and/or medical practitioner.

According to agency policy and as well as the PREA Coordinator, the team shall consider the following when reviewing the allegation and investigation:

- Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse
- Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility
- Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse
- Assess the adequacy to staffing levels
- Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff

The team is then tasked with preparing a report of its findings and any recommendations for improvement and submit the final report to the Vice President of Administration and Legal Counsel who will be responsible to distribute the final report to the Executive Team. The Executive Team will review and determine (with the input of the PREA Coordinator) which recommendations will be implemented or will document the reasons for not doing so. The regional Vice President of Corrections will be responsible for distribution the report to facility management and overseeing the implementation of the approved recommendations.

The auditor was able to interview several members of the SART team (VP of Administration and Legal Counsel, PREA Coordinator, Program Coordinator, and Program Manager). The team report that they will review any dynamics that might have contributed to the allegation, and address any physical barriers that may have led to the incident. The Program Manager will collect information needed to complete the SART form and be reviewed by the team. The Program Manager would be responsible for implementing any recommendations that were made by the team and report progress to the PREA Coordinator.

The facility provided the auditor with the Resident Sexual Abuse Review form. The form list a summary of the allegation and findings, the considerations of the committee as listed above, collateral information, and committee recommendations. The second section of the form is completed by the Executive Team. This section lists the approved recommendations, reasons for not approving recommendations, and the implementation plan.

The facility did not have a substantiated or unsubstantiated allegation of sexual abuse that the SART needed to review.

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

Agency policy 1080 requires the tracking of accurate, uniform data for every allegation of sexual abuse in all Oriana House facilities and that information will be aggregated at least annually. The PREA Coordinator reports that the information is collected, reviewed, and retained from all PREA related reports. The agency is using Ohio Department of Rehabilitation and Corrections PREA reporting form as their collection instrument, as well as completing the Department of Justice's SSV Form.

The auditor reviewed the forms used to collect the data and confirmed that the information collected is appropriate enough to complete the Survey of Sexual Victimization for all Oriana House facilities.

The information on the form is aggregated and listed in the agency's annual PREA report. The report is posted on the agency's website, <http://www.orianahouse.org/accreditations/prea/prea.php>. The auditor accessed the agency's website and reviewed the 2019 annual report. The report contains the aggregated sexual abuse and sexual harassment allegation data from all Oriana House, Inc. operated facilities.

The Coordinator reports that the Department of Justice has not made a request for this information.

Oriana House policy 1080 states that the agency will use the information collected in standard 115.287 to assess and improve the effectiveness of the agency's resident sexual abuse prevention, detection, and response policies, practices, and training which includes:

- Identifying problem areas
- Taking corrective action on an ongoing basis
- Preparing an annual report of its findings and corrective actions for each facility as well as the agency as a whole

The auditor reviewed the report and ensured that the report compares the current year's data with those of previous years and includes updates made from previous year's reports. The report states that the agency has:

- Continues to mandate PREA training for all agency staff
- Provide assistance to facility PREA Managers on helping staff with training and handling PREA allegations
- Executive staff review of PREA policies and procedures
- Expansion of annual training to include information on staff boundary violations; Females in Corrections training to be mandatory; and introduce a Males in Corrections training
- Create new posters for residents on what to expect during search and urine drug screen procedures

The information in the report does not contain any identifying information that would need to be redacted in order to protect the safety of the residents, staff, or facility.

The information in the report has been reviewed and approved by the agency's President and CEO. The report is posted on the agency's website at:

Agency policy 1080 requires the agency collect data requested in standard 115.287 and that this information will be aggregated, and made available to the public through the agency's website. The information posted to the agency's website is required to have all personal identifying information removed. The PREA Coordinator is mandated by policy to securely retain the information collected and to retain the data collected for at least ten years.

The auditor accessed the agency's website, [www.orianahouse.org/accreditations/prea/prea.php](http://www.orianahouse.org/accreditations/prea/prea.php), to ensure that the agency has posted its annual report. The annual reports are completed based on a calendar year and the agency has posted the 2019, 2018, 2017, 2016, 2015, and 2014 annual reports. The information in the report is collected by each facility's PREA Manager and is then submitted to the agency's PREA Coordinator. The agency PREA Coordinator aggregates the information and prepares the information for the annual report. The report is then submitted to the President/CEO for approval.

The PREA Coordinator reports that all information is only accessible to approved staff members and that she retains control of all information. The information is kept for ten-years as per policy 1080.

The information collected in standard 115.287 is made available to the public through the agency website.

The auditor did not view any information in the report that could jeopardize the safety and security of the facility, nor was there any personal identifying information contained in the report.

The agency post all final PREA reports for each of its facilities on the agency website. The auditor reviewed the agency website to ensure that during the previous audit cycle all Oriana House facilities have been audited and reports posted. The facility has a total of ten (the agency has had to close facilities due to COVID-19) facilities and will have 1/3 of facilities audited each year of the three-year cycle. Two facility have already completed audits during the first year of the new audit cycle. The facility has already scheduled the next facility to be audited for later in the audit year. The auditor interviewed staff and residents in accordance with the PREA Compliance Audit Instrument Interview Guide and the PREA Auditor Handbook's Effective Strategies for Interviewing Staff and Resident Guide. Residents and facility staff were interviewed during the onsite visit and agency staff were audited via video teleconferencing.

The auditor was given full access to the facility during the onsite visit. Agency administration and facility management escorted the auditor around the facility and opened every door for the auditor. The tour of the facility included all interior and perimeter areas. The auditor was able to observe the housing units, dorms, bathrooms, group rooms, dining room, staff offices, storage closets, and administration area. The auditor was able to have informal interaction with both staff and residents during the walk through and saw how staff interacted with residents.

The auditor received documentation on the agency and facility prior to the onsite visit through Power DMS web based audit system. The auditor was also provided requested documentation during the onsite visit

The auditor reviewed electronic documentation during the onsite visit. This includes camera views and ORION resident database system.

Appropriate audit notices were posted in conspicuous areas throughout the facility. These places included areas resident, staff, and visitors would frequent. The notices included the auditors mailing and email addresses. The PREA Coordinator emailed the auditor photos of audit notice postings on January 11, 2021. The auditor did not receive any correspondence with a staff or resident prior to or after the onsite visit. During the onsite visit no resident or staff member requested to speak to the auditor.
